It is the builder's complete responsibility to have the plans examined by municipal authorities to ensure that they comply with the Architectural Control Guidelines and all applicable legislation and requirements relevant to zoning variances and any provisions in the subdivision agreement. The Control Architect will review the plans for general massing or exterior elevations only. The Control Architect will review the plans for compliance with existing drawings only insofar as they relate to massing or building style or general layout so that any issues can be properly sub or forward on to the

This is to certify that these plans comply with the applicable Architectural Control Guidelines for Stonebridge.
