Hello Customer Care,

Sep. 20, 2012 PDI suite 1606, Floorplan 6, at 4065 Brickstone Mews, Mississauga.

The accent tiles over the tub in the master bathroom appears to be a **red tone** and does not correspond with the Tower 1 Package B colour scheme. This was not mentioned during the PDI because the colour scheme was not on hand. Please have this changed to match the original colour scheme. As well, the sides of the Fridge are Black and it was agreed that we would have **Stainless Steel** appliances according to the sales contract.

Attached is the Bathroom patterns for Package B

We would appreciate the adjustment.
Thank you,

New owners,
Neville Prashad
