Re: Letter Regarding Completion of 302 – Water Penetration

Dear Caroline:

Please be advised that this is Amacon Construction Ltd (hereinafter Amacon) position that the re-occurring leak was sufficiently repaired by Platinum Glass (2012). As the owner has not reported any further leakage from the ceiling repair, Amacon considers this item to be complete. The flooring, carpet and ceilings were all completed and repaired to the satisfaction of the homeowner.

Please be advised that if the water penetration re-occurs please notify Amacon.

Thank you,

AMACON CONSTRUCTION LTD
