Credit Score Summary

755 | Very Good

Where You Stand

The Equifax Credit Score™ ranges from 300-900. Higher scores are viewed more favorably. Your Equifax credit score is calculated from the information in your Equifax Credit Report. Most lenders would consider your score very good. Based on this score, you should be able to qualify for credit with competitive interest rates, and a wide variety of credit offers should be available to you.

Range	300 - 559	560 - 659	660 - 724	725 - 759	760 +
	Poor	Fair	Good	Very Good	Excellent
Canada Population	4%	10%	15%	14%	57%

What's Impacting Your Score

Below are the aspects of your credit profile and history that are important to your Equifax credit score. They are listed in order of impact to your score - the first has the largest impact, and the last has the least.

- Number of inquiries in previous 12 months.
- Total balance for open trades.
- Total balance for open national card trades.

Your Loan Risk Rating

755 | Very Good

Your credit score of 755 is better than 41% of Canadian consumers.

The Equifax Credit Score™ ranges from 300-900. Higher scores are viewed more favorably.

The Bottom Line :

Lenders consider many factors in addition to your score when making credit decisions. However, most lenders would consider you to be a low risk. You may qualify for favourable interest rates and offers from lenders and a variety of credit products may be available to you. If you're in the market for credit, this is what you might expect:

You may be able to obtain higher than average credit limits on your credit card.

Many lenders may offer you attractive interest rates and offers.

You may qualify for some special incentives and rewards that aren't always offered to the general public.

It is important to understand that your credit score is not the only factor that lenders evaluate when making credit decisions. Different lenders set their own policies and tolerance for risk, and may consider other elements, such as your income, when analyzing your creditworthiness for a particular loan.

Delinquency Rates*

* Delinquency Rate is defined as the percentage of borrowers who reach 90 days past due or worse (such as bankruptcy or account charge-off) on any credit account over a two year period.
