Equifax Credit Report and Score™ as of 03/19/2017

Name: Hafeez Saleh

Confirmation Number: 4020810729

Credit Score Summary

751 | Very Good

Where You Stand

The Equifax Credit Score™ ranges from 300-900. Higher scores are viewed more favorably. Your Equifax credit score is calculated from the information in your Equifax Credit Report. Most lenders would consider your score very good. Based on this score, you should be able to qualify for credit with competitive interest rates, and a wide variety of credit offers should be available to you.

What's Impacting Your Score

Below are the aspects of your credit profile and history that are important to your Equifax credit score. They are listed in order of impact to your score - the first has the largest impact, and the last has the least.

- Number of telco inquiries in the last 12 months.
- Average number of months open for revolving trades.
- Number of open revolving trades.

Your Loan Risk Rating

751 | Very Good

Your credit score of 751 is better than 40% of Canadian consumers.

The Equifax Credit Score™ ranges from 300-900. Higher scores are viewed more favorably.

The Bottom Line :

Lenders consider many factors in addition to your score when making credit decisions. However, most lenders would consider you to be a low risk. You may qualify for favourable interest rates and offers from lenders and a variety of credit products may be available to you. If you're in the market for credit, this is what you might expect:

- You may be able to obtain higher than average credit limits on your credit card.
- Many lenders may offer you attractive interest rates and offers.
- You may qualify for some special incentives and rewards that aren't always offered to the general public.

It is important to understand that your credit score is not the only factor that lenders evaluate when making credit decisions. Different lenders set their own policies and tolerance for risk, and may consider other elements, such as your income, when analyzing your creditworthiness for a particular loan.

Delinquency Rates*

* Delinquency Rate is defined as the percentage of borrowers who reach 90 days past due or worse (such as bankruptcy or account charge-off) on any credit account over a two year period.

This section contains information on each account that you've opened in the past. It is retained in our database for not more than 6 years from the date of last activity.

An installment loan is a fixed-payment loan in which the monthly payment does not change from month to month. Examples of such loans are a car loan or a student loan. Mortgage information may appear in your credit report, but is not used to calculate your credit score. A revolving loan is a loan in which the balance or amount owed changes from month to month, such as a credit card.
