Equifax Credit Report and Score™ as of 05/29/2017

Name: Shimin Lin

Confirmation Number: 3924471224

Credit Score Summary

Where You Stand

689 | Good

The Equifax Credit Score™ ranges from 300-900. Higher scores are viewed more favorably. Your Equifax credit score is calculated from the information in your Equifax Credit Report. Most lenders would consider your score good. Based on this score, you should be able to qualify for credit with average interest rates and offers.

Range	300 - 559	560 - 659	660 - 724	725 - 759	760 +
	Poor	Fair	Good	Very Good	Excellent
Canada Population	4%	10%	15%	14%	57%

What's Impacting Your Score

Below are the aspects of your credit profile and history that are important to your Equifax credit score. They are listed in order of impact to your score - the first has the largest impact, and the last has the least.

Total balance for revolving trades opened in last 6 months.

Percentage trades opened within the last 2 years to total trades.

Number of inquiries in previous 12 months.

Your Loan Risk Rating

689 | Good

Your credit score of 689 is better than 20% of Canadian consumers.

The Equifax Credit Score™ ranges from 300-900. Higher scores are viewed more favorably.

The Bottom Line :

Lenders consider many factors in addition to your score when making credit decisions. However, most lenders would consider you to be a moderate risk. You may not qualify for credit with all lenders. When you do qualify for credit, you may pay higher interest rates and be subject to more restrictive loan terms than those with higher scores. If you're in the market for credit, this is what you might expect:

You may not qualify for high credit limits on your credit card.

You are likely to pay higher interest rates on all types of loans than those with higher scores.

The loan terms you receive may be somewhat restrictive.

It is important to understand that your credit score is not the only factor that lenders evaluate when making credit decisions. Different lenders set their own policies and tolerance for risk, and may consider other elements, such as your income, when analyzing your creditworthiness for a particular loan.

Delinquency Rates*

* Delinquency Rate is defined as the percentage of borrowers who reach 90 days past due or worse (such as bankruptcy or account charge-off) on any credit account over a two year period.

Equifax will review any new details you provide and compare it to the information in our files. If our initial review does not resolve the problem, we will contact the source of the information to verify its accuracy. If the source informs us that the information is incorrect or incomplete, they will send Equifax updated information and we will change our file accordingly. If the source confirms that the information is correct, we will not make any change to our file. In either case, you may add a statement to our file explaining any concerns you have. Equifax will include your statement on all future credit reports we prepare if it contains 400 characters or less.

If Equifax changes our file in response to your request, we will automatically send you an updated credit report to show you the changes. At your request, we will also send an updated credit report to any of our customers who received one within 60 days before the change was made.
