Counter Depth

Designed to match the depth of your kitchen cabinets, so it'll fit right in!

10 Year Warranty on Linear Compressor

When you buy a refrigerator, you don't want to worry that it won't last. Because the Linear Compressor motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10 year warranty.

Multi-Air Flow Cooling

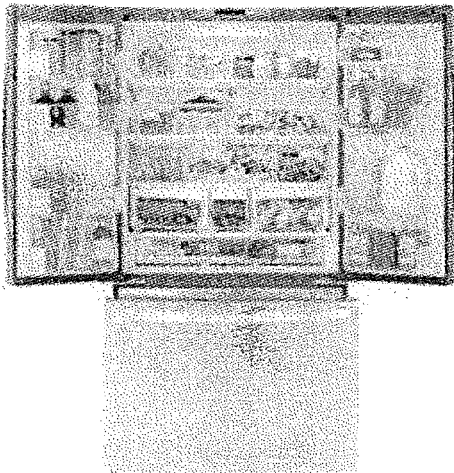

Multiple air vents along with deluxe shelving ensure an equal amount of chilled air reaches each shelf for quick and uniform cooling.

Sophisticated Design, Inside & Out

Contoured doors, hidden hinges, and a host of great interior features give your refrigerator a look as sophisticated as it is functional.

Energy Star Rated

When your refrigerator uses at least 30% less energy than required by federal standards you're going to make an impact – on your energy bill, your energy consumption, and most importantly, the environment.
