GENERAL CONDITIONS

DEFINITION

1.01 in this Contract, unless there is something in the context inconsistent therewith the following items shall have the following meanings:

- (a) "General Conditions" means these terms and conditions which apply to this Construction Contract;
- (b) "Contract" means the contract resulting from the acceptance of this Contract and the General Conditions, and any plans, drawings, specifications or schedules thereto;
- (c) "Work" means all the labour, materials and services offered to be provided by the Subcontractor to the Employer in accordance with the Project;
- (d) "Site" means the general location and conditions where the work is to be performed by the Subcontractor;
- (e) "Sue" means the general location and conditions where the work is to be performed by the Subcontractor.

10) Period

- PAYMENT**

2.0 Payment [less 10% Holdback] will be made by the Builder to the Subcontractor on the thirtieth day of each month, approximately forty (40) days after the receipt of an invoice covering the work completed and invoiced by the Subcontractor. Invoices received after the thirtieth day of the month will be paid the month following. The ten percent (10%) holdback will be paid after the lien right have accrued as set out in the Construction Lien Act.

2.0.1 For the purposes of the Construction Lien Act, each individual unit (lot or building) on or in which the Subcontractor performs the works described in this contract shall be considered to be a separate contract.

2.0.2 All invoices shall be accompanied by a Completion Certificate signed by the job superintendent of this subcontractor certifying that the portion of work performed by the Company/Certified has been inspected by him and is completed in every respect before approval by our superintendent.

2.0.3 All invoices unpaid by the Company/Certified will be processed until received and the 30 days herein specified shall commence after the proper invoice is received by us.

2.0.4 Extras to labour or material will not be deducted unless a Purchase Order has been written showing the agreed cost of the extra or some other work or materials is to be supplied.

2.0.5 Extras must be on a separate invoice and not on the same invoice with the regular work covered in the contract.

2.0.6 Extras must be on a separate invoice and a Completion Certificate.

2.0.7 Purchasers Extras issued to the Subcontractor will be the authorization to proceed with such works as detailed thereon.

CONSTRUCTION LIEN ACT (ONTARIO) HOLDBACK

3.01 The Builder shall retain a holding back of each payment due to the Subcontractor hereunder in accordance with the provisions of the Act of 10% of such payment plus any amount in respect of which the Builder has received a written notice of lien (as that term is described in the Act). In addition where the Contract has been identified or described to be substantially performed but labour, materials or services remain to be supplied to complete the Contract, the Builder shall retain from the date of such certification or declaration a separate holdback equal to 10% of the price of the remaining labour, materials or services if they are actually supplied during the Contract until all liens that may be claimed against such holdback have expired or been satisfied or discharged or provided for, as provided in the Act.

3.02 Any lien or claim or claims for lien pursuant to the Act shall be deemed to arise and expire solely on a lot by lot basis and under no circumstances may a claim for general lien be asserted.

KALYANAMURTHY

- WARRANTY**

4.01 The Subcontractor warrants that the Work shall be completed in a good and workmanlike manner free of any defects in material or workmanship and shall comply in all respects with general, provincial, municipal and local building codes. The Ontario New Home Warranty Program, the minimum specifications of the C.M.H.C. and all plans, drawings and specifications provided by the Employer.

4.02 The Subcontractor agrees that during a period of two years following the receipt by the Builder of the final invoice for Work, its failure to perform or otherwise default in the performance of any obligation of the Subcontractor hereunder shall be remedied by the Subcontractor at its sole expense and to the satisfaction of the Builder, provided that the Builder may upon five days written notice, and immediately in the case of an emergency, and without prejudice to any other rights, remedy such deficiency, defect or complete such failure to perform, and may deduct the cost thereof from payments due to Subcontractor in exercising its rights under this paragraph 4.02 if the Builder may take possession of any materials, tools, or construction equipment owned or leased by the Subcontractor on the Site and use such materials, tools, or construction equipment, the costs of such completion or remedy may be deducted from any payment required to be made by the Builder to the Subcontractor. If the costs of such completion or remedy exceed any amount owing to the Subcontractor hereunder, the Subcontractor shall forthwith pay, on demand, to the Builder an amount equal to the costs of such completion or remedy.

SCHEDULE AND SUPERVISION

- 5.5.5.1 The Subcontractor shall provide a competent person (the Representative) to supervise and co-ordinate the Work at all times provided that the Representative and the Work shall at all times be subject to the control and direction of the Builder. Any instruction or directions given by the Builder to the Representative shall be deemed to be given to the Subcontractor for the purpose of this Contract.

5.5.6.1 The Subcontractor or agrees to complete earlier, and every portion of the Work, on or before the time or times specified by the Builder from time to time. If the Subcontractor fails to complete any such portion before the date specified by the Builder, the Delaysome of the Work to be performed under the Contract may be cancelled at the option of the Builder. In any event, the Subcontractor shall be liable to the Builder for any loss, damage or claim suffered by the Builder which results from the Subcontractor's failing to complete any portion of the Work on a timely basis or which results from the Builder having cancelled the substance of the Work under this paragraph.

5.5.7.1 The Subcontractor covenants and agrees to use such materials as may be specified by the Builder from time to time for the performance of the Project and its obligations hereunder.

- 6. PRIOR WORK**

6.01 Prior to commencement of the Work, the Subcontractor shall ensure that all prior work has been properly completed in a manner which will permit the Subcontractor to complete the Work in accordance with the provisions hereof and the Subcontractor shall immediately give notice in writing to the Employer if any error or omission or deficiency or information which would prevent or hinder the Subcontractor from performing its obligations hereunder by commencing the Work, the Subcontractor shall be deemed to have accepted all prior work and the Subcontractor shall be responsible for any defects in the Work, whether resulting from any prior work or otherwise.

6.02 The Subcontractor shall not cut, dig, box or sleeve any structural member so as to engage any existing work or alter any work performed by any other contractor or subcontractor except with the Employer's written consent.

CHANGES AND EXPLANATIONS

- 7.02 If the Subcontractor desires to change the Work at any time, whether or not in the course of the Subtitle 7, it notifies the Subcontractor initially orally and later in writing, that later notification in writing shall not affect implementation of the change in the Work, the Subcontractor shall obtain from the Builder a Notice of Change prior to proceeding with any such change. The Builder shall not be liable for the cost of any such change.

7.03 Prior to commencing work on any portion of the Work, the Subcontractor shall review the plans, drawings and specifications in respect of such portion to determine whether any change in the Work, or in any work done, or to be done by any other contractor or subcontractor is necessary to be done in order for the Site Subcontractor to perform its obligation hereunder. If the Subcontractor determines that any such change should be done, it shall only be done if the Site Subcontractor approves it in writing. If any change reasonably could have been seen as necessary by the Subcontractor and was not requested which is subsequently required in respect of that portion of the Work, the Subcontractor shall be liable at its own expense to make any such change.

7.04 By testimony of the Subcontractor and ascertainment of the Contractor in writing of a lump sum.

(a) By lump price set out in the Contract or combination of such methods as determined by the Builder.

(c) By cost plus a fixed or per-

- COMPLIANCE WITH LAW**

8.01 The Subcontractor will fully comply with all applicable federal, provincial and municipal laws, codes, regulations and standards whether now in effect or hereinafter imposed and shall pay all taxes or amounts, or obtain all permits required in connection with unemployment insurance, vacation pay, welfare, workers' compensation, and any other employee benefits required to be paid, remitted or retained in respect of any employee of the Subcontractor in respect of its performance of the Work.

TAXES

9.01 The Subcontractor represents, warrants, acknowledges and agrees that all customs duties on materials or goods supplied in the performance of this Contract or on components of such goods, and all excises and taxes on property or services or on persons in connection with the ownership, use, participation or transfer thereof, whether in the nature of a sales tax, value added tax or otherwise, levied or imposed by Canada, a province of Canada or municipality, or other political subdivision thereof, or any authority controlled to do so, will have been duly and timely paid prior to or in the course of performance of this Contract as far as possible, and that no such levies, imposts and taxes may require, and that no such levies, imposts and taxes will or can be required to be paid by the Builder or will be a charge upon any property or assets of the Builder. In addition and further to any due right or remedy of the Builder hereunder, the Subcontractor agrees to indemnify and save harmless the Builder completely for all losses, damages, costs or expenses including attorney's fees and penalties and forfeitures resulting from the nonpayment or late payment of taxes, assessments, or other charges.

10. INSURANCE

- (c) without cost during the generally or, if applicable, 11:00, the Subcontractor may, at its own expense, provide insurance, including:
i.e., comprehensive general liability insurance in the joint names of the Subcontractor and the Builder, with limits of no less than two million dollars (\$2,000,000) per individual occurrence for bodily injury death and damage to property, including best of use thereof, arising from or in activity relating to the Work;
(b) automobile liability insurance in respect of licensed vehicles used in connection with the Work, with limits of no less than five million (\$5,000,000) per individual occurrence for bodily injury, death and damage to property, and;

10.01 The duration of each insurance policy referred to in paragraph 10.01 shall be from the date of commencement of the Work until the Expiry of Term, pursuant to paragraph 22, the test of, or until twelve months after the date of receipt of the final invoice for the Work, whichever shall last longer.
10.02 The Subcontractor shall provide the Builder with evidence of an insurance referred to in paragraph 10.01, prior to the commencement of the Work, which is satisfactory to Builder;
10.03 All insurance policies shall contain an endorsement to provide all named insured with prior notice of changes and cancellations. Such endorsements shall be in the following form:

"I, the Subcontractor, do hereby declare that the coverage provided by this policy limited to this Contract will not be changed or amended in any way nor canceled until 50 days after written notice of such change or cancellation shall have been given to me named insured.
10.05 If the Subcontractor fails to provide or maintain insurance as required herein then the Builder will have the right to provide and maintain such insurance at the expense of the Subcontractor and the costs and expenses incurred in connection therewith may be deducted from any payment due to the Subcontractor hereunder. The Builder to the Subcontractor and the costs and expenses incurred in connection therewith may be deducted from any payment due to the Subcontractor hereunder. Any such costs or expenses which exceeded any amount owing to the Subcontractor hereunder shall forthwith be paid by Subcontractor on demand to the Builder.

11. DAMAGE TO SITE

- 11.01 The Subcontractor shall be liable for any loss, claim or damage caused to the Site or any adjacent property by its employees, agents and/or suppliers including, without limitation, damage caused to pets and markets, trees, curbs or roads, equipment, soil, sewers, power lines, pipes, buildings and structures and things. In the event of any such damage, the Subcontractor may make such repairs as it deems necessary and may deduct the cost of such repairs from any amount owing to the Subcontractor hereunder. If the cost of such repairs exceeds any amount owing to the Subcontractor hereunder the Subcontractor shall, on demand, pay to the Builder an amount equal to the difference by which such cost of repairs exceeds any amount owing to the Subcontractor hereunder. The Subcontractor agrees to indemnify and save harmless the Builder from any loss or damage to any other contractor or subcontractor, the Subcontractor or subcontractor to indemnify and save harmless the Subcontractor from any loss or damage of any nature whatsoever sustained by any claim by such contractor or subcontractor against the Subcontractor hereunder. The Subcontractor shall be liable for loss or damage to the work in the event of any failure of such contractor or subcontractor to perform such construction. The Subcontractor shall hold back such amounts payable to the Subcontractor which in the opinion of the Builder are sufficient to secure the performance of the obligations of the Subcontractor under this Paragraph 13.01.

12. ACCESS TO SITE

12.01 Pursuant to arrangements made with the Builder, the Subcontractor shall be responsible for the access of its trucks or other vehicles to the Site and for the stocking of materials

13. TESTS AND INSPECTION

- 13.01 The Builder shall be entitled at any time and from time to time to conduct such tests and inspections as may be necessary to ensure compliance with the terms hereof and all applicable federal, provincial and municipal law, codes, regulations and standards. If any such test or inspection discloses any failure to materials as are required to effect compliance, the Subcontractor shall be liable for all costs of such testing or inspection and shall, at its own expense, perform such work and supply such materials as are required to effect compliance. The Subcontractor may hold back such amounts payable to the Subcontractor which in the opinion of the Builder are sufficient to secure the performance of the obligations of the Subcontractor under this Paragraph 13.01.

14. CLEANUP

- 14.01 The Subcontractor shall, at its own expense, keep the Site free of accumulation of waste materials and debris and shall remove the same on a daily basis to a location designated by the Builder and upon completion of the Work, in the event of any failure by the Subcontractor to perform its obligations under this paragraph, 14.01, the Subcontractor shall be liable for all costs of such waste materials and debris to be removed from the Site and the Subcontractor shall be liable for the costs of such removals which may be subtracted from the Site and the Subcontractor shall be liable for the costs of such removals which in the opinion of the Builder hereunder and if such costs exceed any amount owing to the Subcontractor hereunder and if such costs exceed any amount owing to the Subcontractor hereunder.

15. DEFAULT

- 15.01 In the event of any failure to perform or deficiency in the performance of any obligation of the Subcontractor hereunder, or if there shall occur at any time an act or event, or bankruptcy or insolvency as defined or provided for in any applicable statute, or if any proceeding, either voluntary or involuntary, is commenced by or against the Subcontractor under any law relating to the bankruptcy, insolvency, liquidation, dissolution or winding up of the Subcontractor, or if any receiver, trustee, custodian, liquidator, agent or similar official is appointed judicially or by instrument, for or in respect of the Subcontractor or any of the property or assets of the Subcontractor, or if the Subcontractor or any of the property or assets of the Subcontractor become subject to any execution, sequestration or any other process of any court or to attachment, or any similar process, or if the Subcontractor fails to pay when due all taxes, dues and charges and all levies, taxes and imports and expenses and expenditures as contemplated by paragraph 9.01 hereof, then the Subcontractor, at its sole option and in addition to and without prejudice to any other right or remedy,
(a) cancel the balance of the Work to be done under this Contract and complete the Work;
(b) remit any failure to perform or deficiency or default in the performance of any obligation hereunder to the Builder, on demand, to any other right or remedy if any;
(c) for the purpose of any such cancellation or remedy, take possession of the Subcontractor's materials, tools and equipment on the Site.

The Subcontractor shall be liable for the costs of any such cancellation or remedy, or for any claim made against the Builder by any other claimant, suffered by the Subcontractor as a result of any default by the Subcontractor. The Builder may deduct such costs or damages or claim for damages from any amount owing to the Subcontractor hereunder, all without the requirement of any written or other notice to the Subcontractor. If the costs of any such cancellation or other remedy exceed any amount owing to the Subcontractor hereunder, the Subcontractor shall furnish on demand to the Builder an amount equal to the difference between the costs of such cancellation or remedy and any amount due hereunder. No failure of the Subcontractor to the Builder in accordance with any right or remedy shall constitute a waiver of otherwise bar the Subcontractor's exercise of such right or remedy.
15.02 A surcharge of 15% with a minimum of \$25.00 shall be deemed to form part of any costs incurred by the Subcontractor in completing its Work & rendering any failure to perform or deficiency or default in the performance of any obligations hereunder to cover overhead and incidental expenses of the Subcontractor.

16. SUB-SUBCONTRACTS

- 16.01 The Subcontractor agrees that it will incorporate all the terms and conditions of this Contract into all sub-subcontracts or agreements it enters into with its sub-subcontractors.
16.02 The Subcontractor agrees that it shall not be fully liable to the Builder for any act or omission of the sub-subcontractor or of any person or persons directly or indirectly employed or contracted with by it.
16.03 Nothing contained herein on any sub-subcontract shall create any contractual relationship between any sub-subcontractor and Builder.

17. NON WAIVER

- 17.01 No waiver by either the Builder or the Subcontractor of any term or provision of this Contract or any breach or default by the other party under this Contract shall be binding unless in writing. Any such waiver shall not be deemed a continuing waiver and the failure of such party to enforce, at any time, for any reason, any provision hereafter

18. PAYMENTS TO SUB-SUBCONTRACTORS

- 18.01 Subject to any holdback requirements, the Subcontractor shall be entitled to pay any outstanding past due obligation of the Subcontractor to any sub-subcontractor by cheque or cheque mailed payable to the Subcontractor and the sub-subcontractor or employee whose such payment shall apply as payment to the Subcontractor.

19. EMPLOYEES

- 19.01 Upon the request of the Builder, the Subcontractor shall supply the Builder with a list of the names and addresses of all employees of the Subcontractor on site and/or project.
19.02 Upon the request of the Builder, the Subcontractor shall refuse to employ or shall discontinue the employment of any person whose work performance is not satisfactory to the Builder or whom the Builder or others associated with the Site consider is not satisfactory.
19.03 Upon the request of the Builder, the Subcontractor shall supply the Builder with a copy of any collective agreement between the Subcontractor and any trade union.
19.04 Upon the request of the Builder, the Subcontractor shall enter into such agreements and take such actions as the Builder determines are necessary to avoid or to resolve any Work stoppage, Work slowdown or other labour dispute which would result in delay or expense to the Builder or others associated with the Site and/or Project.
19.05 Upon the request of the Builder, the Subcontractor shall dismiss any workers or employee who comes to work with beer or liquor on his breath or who is intoxicated in any way, and/or brings any intoxicating beverages onto the Site.
19.06 The Subcontractor shall co-operate with the Builder in avoiding all labour disputes and shall employ only men whose work and presence shall be acceptable in accordance with the Industrial Standards Act or The Minimum Wage Act.

[Signature]

SCOPE OF WORK

The Subcontractor agrees to furnish all material and equipment and to perform all their work according to the scope. Work under this contract to include, but not necessarily limited to the following:

1. Supply concrete as per specifications.
2. Concrete pumps to be included in this contract, supplied by the contractor:
3. Pour 15 MPa (minimum) concrete footing, including step footings, (footing keys to be a minimum of 50 mm. in depth). Remove all loose and excavated material from within the footing forms prior to placing of concrete. Pour top of column pads 2" below top of wall footing. Size of column pads and footings as per drawings.
4. All footings to be cleaned prior to pouring of foundation walls.
5. Form and pour 15 MPa (wall mix as per O.B.C.) concrete to foundation walls in accordance with working drawings. **All Basement and Garage walls to be poured to FULL 7' 10" HEIGHT.** All basement walls are to have a veneered key at the top in order that the sill plate is positioned higher than the first course of brick. This key is to be completed with the 2x6 on the inside of the wall and the 2x6 on the outside of the wall. The formwork required for this key is to be supplied by the Subcontractor. Form and Pour wing walls as indicated on the drawings.
6. Plans which show a laterally unsupported wall area, requiring the installation of reinforcing steel bars and 20MPa concrete to that section, to be included in this contract
7. Where the working drawings specify a load bearing partition to support a lowered area above, the subcontractor shall provide for an 8" wide by 10" high curb wall in lieu of the partition or as per plans. This curb wall to be installed on top of the footing already provided.
8. Admixtures to concrete shall not be used at any time without the express approval of the builder.
9. Forms to be free from concrete and other matter with fair faces and firm edges, oiled with an approved agent before being installed.
10. Allow cut-out depths in walls where required for garage doors or entry doors as directed by site supervisor.
11. Set basement windows and/or door frames (plumb and square) that are supplied by builder
12. Supply and install all sleeves, inserts, hangers or vents in position designated by the site superintendent or plans.
13. Concrete shall be compacted in an approved manner at the point of deposit and around the freshly placed concrete. Supplement vibration with hand spading, puddling, and rodting to secure even and dense concrete. The resilient surface shall not show evidence of aggregate separation or a honey comb effect.
14. Immediately after removal of forms, cut off all tiles, nails or other metal back to a depth of 1" from the surface of concrete and make good with mortar mix or brush coat compound.
15. All honeycombing and other surface defects shall be made good with mortar of the same proportions as the surrounding work.
16. Supply and apply cement with a brush coat finish on foundation walls exterior surface above grade
17. Supply and install anchor bolts, washers and nuts (maximum 8'0" O.C. & minimum 2' O.C.) above top of wall.
18. Remove all fins and projections to concrete surface that are to be left exposed or are to receive a finish and carefully prepare all cavities and depressions to a depth of, or not less than 1". Fill all such cavities, holes or other blemishes with mortar mix and/or surface brush coat

SCHEDULE "A" TO CONTRACT #BEDPN-6015-20
FOUNDATIONS - CODE 6015

PROJECT: GREEN VALLEY EAST - NORTH

19 Contractor shall be responsible for any damages incurred because of improper placement of weeping tile including vertical connections to window wells.

- 20 All cuts and veneers are the responsibility of this subcontractor.
- 21 Subcontractor shall be responsible to ensure that there is adequate labor, materials and equipment on site to proceed with contractors construction schedule without delay
- 22 Supply and install "DELTA MS type, Plastic/Vinyl Membrane" or equivalent type waterproofing membrane system. Subject to municipal requirements.
- 23 Supply and install a filter cloth drain tile with a stone cover of 6", minimum around basement walls on undisturbed or well compacted soil so that the tip of tile is below the bottom on the floor slab if required or as directed by the site supervisor, include all vertical connections to window wells using a filter cloth drain tile. The above operations must be completed within (2) two days following the stripping of the forms
24. This contractor shall warrant the home free of foundation leaks due to water penetration for a period of two years from the closing date. [THIS CONTRACTOR SHALL BE RESPONSIBLE TO REPAIR THE LEAK ONLY, NOT THE CRACK OF THE FOUNDATION WALL.]
25. All work in accordance with ONHWP, O.B.C., N.B.C. and the municipality having jurisdiction
26. This Subcontractor agrees to rectify any deficiency within five (5) working days after notification of items.
27. This Subcontractor shall be responsible for all cleaning relative to his work and deposit in the garbage container provided by the builder.
28. Subcontractor shall form and pour concrete pilasters for steel beam supports in basement as indicated on drawings. Beam fill shall be completed when scheduled by Site Superintendent
29. This subcontractor shall take every precaution to ensure that variations in level on the top of foundation walls do not exceed one inch, and will assume full responsibility for the cost of rectifying and level variations exceeding one inch. Any extra charges from carpenter because of excessive variations to line will be back charged to the subcontractor
30. It shall be the responsibility of the subcontractor to obtain location from site superintendent where concrete trucks shall enter to prevent damage to curbs, and any cost shall be borne by the subcontractor, for any damaged caused by concrete trucks.
31. Supply and install pockets in garages for future concrete grade beams by others
32. This subcontractor will take every precaution to ensure that foundation walls are straight and true and that any variation in line from corner to corner do not exceed one inch, and will assume full responsibility for the cost of rectifying any variations exceeding this figure. If notified prior to backfilling
33. This subcontractor warrants that he will repair any foundation walls (method at builders discretion) found to leak within two years from date of occupancy. (NO EXCEPTIONS)
34. Additional charges for additional concrete because of full height garages and base conditions to be submitted with a purchase order and/or completion slip.
35. All concrete footings and /or foundation walls to be poured in one continuous operation without exceptions.
36. During winter construction, remove existing straw from footing forms and replace it after footings have been poured ensure adequate protection to poured footings and walls to avoid frost penetration.
37. Subcontractor to pay for one wall and footing concrete test per 10 houses as per Builders request.

Extra to Contract:

Extra concrete for footings (/m3)	\$210.00	Summer
Extra concrete for walls (/m3)	\$2,70.00	Winter
Extra concrete for bases (/m3)	\$3,80.00	
Labour (/Hr)	\$80.00	
Concrete Pump (min. 4 Hrs) (/Hr)	\$2,90.00	
Supply 3 1/4" Clear Stone (/tonne)	\$34.00	
Rebar Installation (/line)	\$100.00	
Increase the height of the wall from 7'-10" to 9'-0"	\$10.00	
Float move (while on site) (/each)	\$33.00	
Float move (to come on site for 1 or 2 units only) (/each)	\$2,000.00	
Extra Brick Ledger (/sf)	\$2,500.00	
Supply & place U-fil	\$4.50	
	\$115.00	

Scope of Work:

1. Remove loose or unsuitable material from between the footings as necessary, and excavate to require depths for column pads place concrete in footings complete with key to walls and concrete pads for columns (formwork by others) Wall formings to no 22' x 6'.
2. Form and place concrete in foundation walls (ensure the finished foundation wall is plumb, straight and square and provide bracing as required). Walls to be 16" thick and 7'-10" high from top of the footing, as per information supplied by the Builder.
3. Concrete of 20Mpa compressive strength at 28 days supplied by Rock Concrete Fincing. Periodic tests confirming strength and compressive strength of concrete will be performed at Owner's expense. Sample of Concrete pump is included in the price.
4. All rents to be installed (at an additional cost) Rentar to be supplied by others.
5. Supply and install anchor bolts at 4' on centre for wall, but no less than 2 hours on any wall segment.
6. All brick veneer, up to 16", including the supply of all formwork material, is to be included in the turn sum price.
7. Where a sandstone floor occurs, the foundation wall is to have a reverse veneer as shown on the plans and/or as directed by the Builder.
8. Set basement windows in position and level windows as per architectural plan (windows supplied by others). Where grading permits and where directed by the Builder, set the basement windows fully in the concrete foundation wall.
9. Prepare 50 all void holes or ring ties and make watertight to industry standards. Also make good around sleeves in walls before damp-proofing.
10. Damp proofing with spray and wrap exterior of basement walls up to finished grade or as directed by the Builder.
11. Supply and install the weeping tile system, with 6" of 3½" clear stone coverage placed around the perimeter of the basement walls.
12. Brushcleaning with white cement finish to exterior of exposed basement walls to be applied when directed by this builder but not later than the commencement of sodding works. Brushcleaning will be \$100 per house.

Terms and Conditions:

1. All excavation, top hats and saplings are guaranteed against leaching for a period of 24 months from the surveying date. If any's are not warranted:
 2. 500 flat moves for less than that houses will be an additional cost.
3. It is the responsibility of the Builder to provide a machine operator on site
4. Prices do not include GST
5. Winter prices shall apply from November 1st to April 15th only.
6. Prices valid until May 1, 2021.
7. Payment Term - 30 days from date of invoice.
8. Overdue accounts are subject to charges of 2% per month (2.2% per annum).

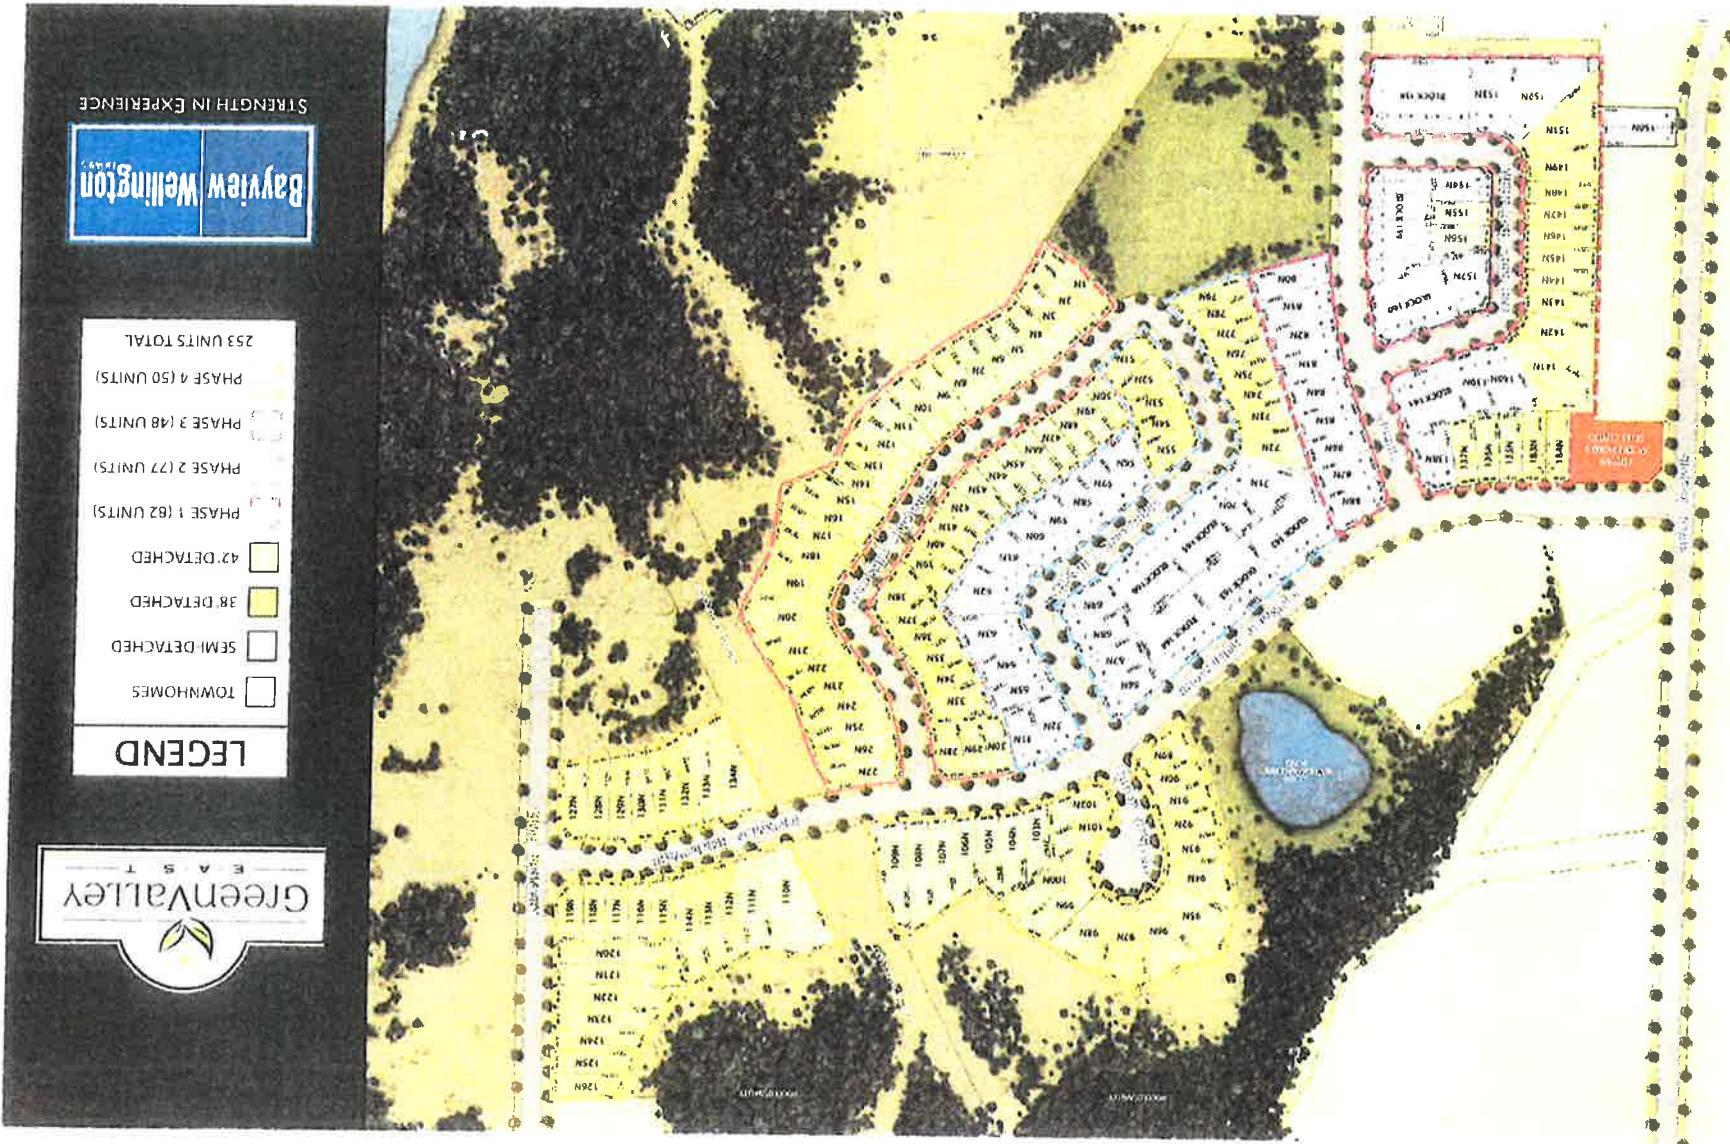

Duf

Scope of Work

1. Remove loose or absorbable material from between the finished exterior wall cavity and rock face to reduce centre for column posts.
2. Place concrete masonry units (cinder blocks) with key, tie webs and exterior finish for columns (formwork by others) W2. (Section 4, Bc 2.2)
3. Form and place concrete in foundation walls. Ensure the finished foundation wall is plumb, straight and smooth and provide in-situ dry-cast concrete. Walls to be 10' thick and 7'10" high. Foundation of the building's 4th floor (not of the basement) to be 10' thick and 7'10" high. Provide in-situ dry-cast concrete of 30 MPa compressive strength at 28-day age supplied by Rock Concrete Furnace. Periodic tests confirming Slump and Compressive Strength of concrete will be performed at Owner's expense. Supply of Concrete Pump is included in the price.
4. Any colour to be installed is at an additional cost. Refer to the supplied by others.
5. Supply and install anchor bolts at 4' on centre for wall, but no less than 2 bolts, to any wall segment.
6. All form elements up to 16' mounting the supply of all formwork material are included in the lump sum quote.
7. Where a selected floor occurs, the foundation wall will have a reverse slope as shown on the plans and/or as directed by the Builder.
8. Set permanent windows in position and level windows as per architectural plans (windows supplied by others). Where grade permits and where directed by the Builder, set the basement windows fully into concrete foundation wall.
9. Proprietary filled roof tiles or shingles and make watertight to industry standards. Also make good around recesses if walls before demolition proceeding.
10. Damp proofing with sates and wrap exterior of basement walls up to finished grade or as directed by the Builder.
11. Supply and install the Weeping tile system, width of .5" clear stone coverage placed around the perimeter of the basement walls.
12. Brostscoating with white cement finish to exterior of exposed basement walls to be applied when directed by the builder; no more than the commencement of sodding works. Brostscoating will be \$1.00 per square foot.

Terms and Conditions

1. All homeownership tool holes and snap sites are guaranteed permanent ledger for a period of 24 months from the closing date unless otherwise withdrawn.
2. All payments for less than three houses will be an additional cost.
3. It is the responsibility of the Builder to provide a main house operation on site.
4. Prices do not include HST.
5. Vendor price shall apply from November 1st to April 15th for 2021.
6. Prices valid until May 1, 2021.
7. Payment term: 30 days from date of invoice.
8. Overdue accounts are subject to charges of 2% per month (24% per annum).
