Notice for Sidewalk Installation
Plan 65M4733; City of Vaughan

Dear Homeowners:

Gold Park Homes has been notified that sidewalk installation for Purple Creek Road will start on Sept 27, 2024 (weather permitting) and for Arbordale Drive, Silver Creek Drive, Wyncrest Road, Terravista Crescent, Nick Deluca Court will be taking place starting Sept 30, 2024 (weather permitting).

Should you require use of your vehicles during sidewalk installation, ensure they are relocated to the above-mentioned streets prior to 7:00 am on Sept 27 for Purple Creek Road and on the week of Sept 30 2024 (weather permitting) for the rest of above mentioned streets. Vehicles may be returned to driveways a minimum of 7 days following concrete pouring and after the builder has completed the restoration to your driveway. Please make sure not to park in front of your house while pouring concrete because space is required for the works.

When parking on side/adjacent streets please be aware of the following:

- Vehicles are not allowed to park within nine (9) meters of an intersection.
- Vehicles are not allowed to park within three (3) meters of a fire hydrant.
- Parked vehicles cannot interfere with or block driveways or traffic; and
- Vehicles to be parked within 150 mm (6 inches) of the curb with wheels turned in towards the curb.

We thank you for your understanding and we appreciate your cooperation for the duration of this project.

Yours very Truly,

Vendor: Goldpark (Pine valley) Inc.
