## DARK STAIN INFORMATION

Builder GOLD PARK HOMES Project KLEINBURG GLEN Lot # 29L

Cortina Kitchens offers a wide variety of finishes, applied to oak and maple products. The subject finishes include the spray stains **Cocoa**, **Espresso**, **Graphite** as well as wiping stain **Ebony**.

Due to the very dark stains applied on natural maple and oak doors and joints, several characteristics are important to be noted when purchasing these products.

1. Shadow lines may be visible at the interior profile edges of a door or drawer front. If movement occurs shadow lines may increase or decrease, depending on the style and/or size of a door or drawer front.
2. Variation and unevenness may be visible in the finish.
3. Hairline cracks at the joints are created over time due to the nature of natural wood, caused by usage, humidity, or dryness. They tend to be more visible to darker stains, than lighter wood stains.

Please be advised that Cortina Kitchens will not replace doors nor parts that exhibit the above characteristics associated with this finish. These characteristics are not avoidable and are a result of the natural characteristics of wood and wood veneer, and the characteristics of darker stains on wood.

Thank you for your understanding.

\*\*\*\*\*

I am well informed of this information, and agree to the purchase of any of the subject finishes listed above.
