ELICA'S EXCLUSIVE  
PLUS FEATURES

Trento provides professional grade performance, while being discreetly mounted inside the cabinetry. It is available with a 600 CFM or 1200 CFM blower for extraordinary ventilating power. Plus the All-In-One design avoids the need to purchase a stainless liner. Hidden metallic in/out knob controls operate the 4-speed blower and LED lighting. A cleaner kitchen is ensured by Elica's patented angled baffle filters, which capture a higher percentage of contaminants and hold larger volumes of grease than traditional baffle filters.
