1. This Sales Selection Sheet when properly executed forms part of our Agreement of Purchase and Sale.
2. All extras and upgrades listed above are subject to Construction Progress and Architectural and Municipal requirements.
3. In the event the Vendor is unable to incorporate the work approved above in the construction of the house for any reason whatsoever, the Vendor will not be liable to the Purchaser in any way. The monies paid for any changes or optional extras not proceeded with shall be returned to the Purchaser, without interest. The cost of options or extras is non-refundable in all other circumstances. If for any reason whatsoever the Agreement of Purchase and Sale is not completed, the total cost of work approved above will be retained by the Vendor.
4. The Vendor reserves the right to substitute above materials and equipment with that of equal or better quality.
5. Purchaser acknowledges that items may not be exactly as shown. Variations from the Vendor's samples may occur in finished materials due to normal production processes. Vendor is not responsible for shade difference which may occur from different dye lots or wood grains. Variations from the Vendor's samples will occur with natural materials such as wood, marble, granite, hardwood and brick.
6. The Vendor reserves the right to select Grout & Thresholds that best suits the Tile selected.
7. Selections will not be processed unless signed by Heathwood Homes Head Office.
8. The selections made on this schedule are final and cannot be changed once submitted.
9. The Purchaser has checked and acknowledges the accuracy of this schedule.

FOR THE WAY IT'S MADE.
MODEL: KQWB600DSS

30-in. Width | Wall-Mount Canopy | 600 CFM Motor

This 3-speed vent hood has power to effectively vent an output of up to 65K BTUs. Auto speed sensing keeps the vent at the proper fan speed by sensing the amount of heat coming from the cooktop. This 30-inch wall-mount canopy hood has both LED and halogen lights to brighten almost any work area.

PRODUCT FEATURES

- 600 CFM/65K BTU Threshold
- Allows installation over any KitchenAid regular 30-inch range or cooktop, and some commercial-style cooking surfaces with outputs up to 65K BTU
- Perimeter Ventilation
- Increases ventilation system efficiency by pulling air from the edges of the hood and speeding up the movement of air at the center, allowing it to efficiently handle up to a 65K BTU total output
- Auto Speed Setting
- Takes the guesswork out of protecting cabinets from steam, grease, and moisture by automatically adjusting fan speed to ventilation needs depending on the heat being produced
- LED Task Lights
- Provide extra lighting over the cooking surface to help in the cooking process
- Halogen Night Lights
- Enhances the style of the ventilation system by providing soft, accent lighting in the kitchen

IMPORTANT:
Minimum distance "X": 24" (61.0 cm) from electric cooking surface.
Minimum distance "X": 27" (68.6 cm) from gas cooking surfaces.
Suggested maximum distance "X": 36" (91.4 cm)

*For non-vented (recirculating) installations
**For vented installations
