**MODEL: KVWB606DBS**      **COLOUR: BLACK STAINLESS**  
36-In. Width | Wall-Mount Canopy | 600 CFM Motor

This 3-speed vent hood has power to effectively vent an output of up to 65K BTUs. Auto speed sensing keeps the vent at the proper fan speed by sensing the amount of heat coming from the cooktop. This 36-inch wall-mount canopy hood has both LED and halogen lights to brighten almost any work area.

600 CFM/65K BTU Threshold  
Allows installation over any KitchenAid® regular 36-inch range or cooktop, and some commercial-style cooking surfaces with outputs up to 65K BTU

**Perimeter Ventilation**  
Increases ventilation system efficiency by pulling air from the edges of the hood and speeding up the movement of air at the center, allowing it to efficiently handle up to a 65K BTU total output

**Auto Speed Setting**  
Takes the guesswork out of protecting cabinets from steam, grease, and moisture by automatically adjusting fan speed to ventilation needs depending on the heat being produced

**LED Task Lights**  
Provide extra lighting over the cooking surface to help in the cooking process

**Halogen Night Lights**  
Enhances the style of the ventilation system by providing soft, accent lighting in the kitchen

\*For non-vented recirculating installations

**IMPORTANT:**

Minimum distance "X": 24" (61.0 cm) from electric cooking surface.
