The 800 Series gas cooktop with FlameSelect® is a better way to cook with gas and delivers precision flame levels for consistent results.

Features & Benefits

FlameSelect® offers 9 distinct power levels and delivers precision flame height every time for consistent, repeatable results.

Dual-ring power burner has 2 rings for low and high flame settings so you can go from simmer to sear with ease.

Dishwasher safe heavy-duty enameled cast iron grates makes cleanup simple and convenient.

OptiSim® burner offers more flame control at the lowest settings for precise simmering and melting.

Control knob with red LED light line indicates if burner is on and the burner's residual heat.

Installation Diagram

NOTES:

- Allow at least 22" (55.9cm) clearance in front of oven for door depth when it is open.
- Dimension G (cutout depth) is critical to the proper installation of the built-in oven. If the oven decorative trim does not butt against the cabinet verify dimension G to assure it is the required depth.
- For a cutout height greater than the maximum (H), add one 2"(5 cm) wide wood shim of appropriate height to each side of the opening under the appliance side rails. A trim kit may be purchased through a dealer, service, or on the brand website.
