SAMSUNG

4-Door Flex Refrigerator with Beverage Center and Dual Auto Ice Maker
29 cu. ft.

Signature Features

Beverage Center™

Consists of a BPA Free¹ Autofill Water Pitcher that fills up automatically and a regular Water Dispenser for easy access to a glass of cold, flavoured water.

Dual Auto Ice Maker

Be prepared for any occasion with two different types of ice. The Dual auto ice maker makes both cubed ice and ice bites.

UV Deodorizing Filter

New built-in deodorizing filter reduces unpleasant odours caused by bacteria in your fridge. And the UV light in the filter system keeps the filter clean all the time.

Flexible Storage

Keep your food fresh in the right places. The FlexZone™ is an independently controlled compartment with five different temperature modes: Freeze, Soft Freeze, Meat/Fish, Fruit/Veggies and Beverage. You can also store meat or fish in the Flex Crisper and fruits and vegetables in the Crisper.

Triple + Metal Cooling

Ensure food stays moist and fresh for longer.² Triple Cooling system optimizes the temperature and humidity in the fridge and freezer with independent cooling. It preserves food better and protects its flavour by preventing odours from mixing. Precise Cooling system minimizes temperature fluctuation and the Metal Cooling plate efficiently reserves cool air inside the fridge.

Installation Specifications

- 1. Measure the height, width and depth of the opening, making sure to include baseboards, molding tile, countertop overhang, etc. Check to be sure there is enough room to open the door (consider walls, islands or other obstacles when measuring).
- 2. Refer to illustration below to determine dimensions.
- 3. Allow 11 7/8" of clearance on hinge side of refrigerator when installing next to a wall where handle may make contact.
- 4. Allow 2" minimum clearance at rear for proper air circulation and water/ electrical connections. Allow a 3/8" minimum clearance at sides and top for ease of installation.
- 5. Ensure each door and entryway in the home is wide enough for the refrigerator to be moved through easily.

For optimal usage and to be able to open refrigerator doors completely, do not install next to a wall.

Please note: The following dimension and cutout information is for planning purposes only. For complete installation details, consult manual packed with product, or download manual online at samsung.com.

All-new AutoAir™ option automatically releases the door at the end of the cycle to let moisture escape and fresh air in for drier dishes.

Features & Benefits

44 dBA: dishwasher runs quietly so your kitchen conversations aren't interrupted.

The Flexible 3rd Rack with fold down sides adds 30% more* loading area, perfect for utensils and ramekins.

The AquaStop® leak protection system contains leaks through a precisely engineered system. If a leak occurs, the system contains it by shutting down operation and pumping out water. So you have the ultimate peace of mind whether you are away or at home.
