Exterior Colour Scheme: Pre-selected By Vendor

NOTE: The Purchaser(s) agree(s) that:

a) Colours of materials are as close as possible to Vendor's selections, but not necessarily identical due to variances in manufacturing or manufacturers.

b) Purchaser(s) has checked and acknowledges accuracy of the above selections. Where omissions occur on the original colour selection sheet Purchaser(s) acknowledge that the Builder's selection will be final.

c) Upgrades or extras listed on this schedule will not be deemed part of the Agreement of Purchase and Sale. Any such upgrades or extras shall be null and void unless accompanied by a separate invoice and amendment. Said invoice must be paid in full.

d) The Purchaser(s) further agrees that in the event that the Vendor has preselected colours prior to the purchase of the house, the prescribed colours are final not withstanding that the Purchaser may have completed a colour selection schedule

d) The Purchaser(s) Acknowledges that once this colour schedule is signed and dated, no changes, additions or deletions will be permitted other than re-selection due to unavailability.

A \$350.00 (Per Occurance) change/administration fee will apply to above exceptions.

This Interior Colour Selection is final and approved by:

Highcastle Homes Décor Centre Disclaimers

Lot#: Block 36 Model:Milgrove Elev A in Riverwalk II - 2073737 Ontario Inc.

PURCHASER: SEYED MOHSEN HOSSEINI MILANI

TEL: RES.: 905-764-1968

Through years of doing business, we at Highcastle Homes have encountered issues beyond our control. The following disclaimers apply to all instances of Purchaser's Extras forms and all Interior Colour Scheme forms.

Fireplaces

Fireplace Marble: Due to the many variables that can affect the pattern and/or design, frequently the marble installed on the fireplace will not be identical to the samples. We will make every attempt to come as close to the samples as possible, but cannot be responsible for results which differ from the samples.

Ceramic Floor Tile

Many variables including variegation can affect tile colour, pattern and/or design which mean installed tiles may not be identical to the samples. We will make every attempt to come as close as possible, but cannot be responsible for results which differ from the samples.

Hardwood Flooring

The purchaser is advised that cupping and shrinkage are characteristics of hardwood flooring normal appearing some time after installation, and no warranty is provided by the flooring supplier with respect to such cupping and shrinkage. The vendor agrees to install any hardwood flooring ordered by the purchaser in good and workmanlike manner, but shall not be responsible for, and is hereby released by the purchaser from responsibility and liability for cupping and shrinkage of hardwood flooring.

Shrinking and expanding/cupping of the hardwood floors may occur if the humidity levels in the home are not kept at industry recommendations. If the hardwood floors shrink or expand due to the homeowner not complying with these levels, the hardwood floor will no longer be under warranty and it will be the homeowner's responsibility to repair the flooring.

Stain Colours

Due to many variables that can affect the outcome of a stain colour on wood, staircases, railings, and fireplaces, will not be identical to samples. Factors such as density, age humidity, air temperature, and the uniqueness of each piece of wood can result in wide variations in darkness or lightness. We will make every attempt to come as close to the sample as possible, but cannot be responsible for results which differ from the samples.

Stain on pre-finished hardwood floors will not be an exact match to the stain colours available on stairs, pickets and rails. The purchaser is responsible for choosing the stain on these areas to their satisfaction.

Appliances

All fridge openings are set to builder's standard width. Please advise Décor Centre at time of colour appointment if custom sizing of cabinets is required for any built - in appliances. The purchaser is responsible for costs and fees associated with changes to pre-manufactured kitchens made subsequent to colour appointments.

Kitchen Cabinets

The kitchen you order/purchase will undoubtedly contain slight colour variations. The degree of these variations is virtually impossible to determine before the kitchen is installed in its intended location. The amount of and type of lighting will also affect various highlights in the finish. Note: No two pieces of wood are identical. Variations in colour tone and grain patterns make a perfect colour match virtually impossible. It is generally agreed that these variations add to the natural beauty of a wood kitchen.

Shrinking and expanding of the kitchen cabinets may occur if the humidity levels in the home are not kept at industry recommendations. If the cabinets shrink or expand due to the homeowner not complying with these levels, the cabinets will no longer be under warranty and it will be the homeowner's responsibility to repair the cabinets.

Plaster Mouldings and Medallions

Plaster mouldings will not be installed in open to above areas or areas with 2 storey elements.

Metal Spindles

Due to the characteristics of wrought iron railing production, it is possible for the wrought iron to develop a scale effect. This scale may or may not be totally covered during the painting process. In effect, once the wrought iron picket is painted, the paint may in effect amplify the iron scale depending on the colour chosen. This is a natural effect of wrought iron and should not be construed as a defect or damage.

I hereby acknowledge reading and understanding the above copy and will not hold Highcastle Homes responsible for any issues in relation to above.

Samsung Dishwasher

Features

- WaterWall™ System
- Zone Booster
- Quiet Operation: 44 dBA
- Express Cycle: 60 Minutes
- Half-Load Cycle: Lower Rack
- One-Touch Adjustable Racking System
- ENERGY STAR® rated: 258 kWh/Year
- Hidden Heating Element
- Triple Filtration System
- Electronic Touch Sensor
- 3 Spray Wash Arms (Upper, Middle, Lower)
- 5 Wash Cycles and 5 Wash Options
- Fan Condensing Drying System
- 2-Piece Silverware Basket
- Stainless Steel Interior

Convenience

- Child Lock
- Rinse Refill Indicator
- Last Cycle Memory
- Four Sensors (Digital Water Leakage, Water Fill, Overflow, Turbidity)

WaterWall System

Zone Booster

Available Colours:

Stainless Steel

White

Signature Features

WATERWALL SYSTEM

- Powerful wall of water cleans hard-to-reach places.
- Ensures more even, thorough washing performance than conventional rotary-spraying systems.

ZONE BOOSTER

- Offers flexibility to wash all types of dishes in one load.
- Select to wash right or left zone on the bottom rack.
- Lower temperature and pressure for delicates.

HALF-LOAD CYCLE: LOWER

- Wash setting for half-load: lower rack only.
- Saves water, time and energy.

QUIET SOUND

- A six-layer door and special insulation system significantly minimizes noise to 44 dBA during operation.*

* Internal testing - 44 - 46 dBA. Normal conversation is approx. 60 dBA.
