Hello there,

I hope you are doing well. I just tried calling you but could not leave a message. I received an e-mail from our cabinetry supplier, they have informed me that the cabinetry for ens. 3 & 4 (St. Lawrence coffee bean) has been discontinued. We can still get the same colour " COFFEE BEAN " in the HUMBER or WELLAND door. (I've attached the photo's of the style of doors below) Please let me know asap which one you would like to go ahead with.

Thank you,
