

## Samsung® 28 cu. ft. 4 Door Refrigerator, Stainless Steel

Item #: 463 622 093 10

Advanced style and flexibility combine to provide cutting edge cool! Ample storage space a variety of customizable storage options mark this 28 cu. ft. 4-Door French door refrigerator as a stylish and efficient addition that serves excellence in every kitchen. The Flex Zone convertible drawer with Smart Divider offers all new flexible food storage possibilities, and Samsung's Twin Cooling Plus System® lets you independently select the temperatures refrigerator and freezer compartments for customized control. The EZ Open Handle™ permits simple one-handed freezer opening together with a tight seal on upper doors. Combining new flexibility, efficiency and convenience, the Samsung RF4267 is ENERGY STAR® qualified.

ENERGY STAR® Qualified: Yes  
Mfg. number: RF4287HARS

Refrigerator drawers are situated evenly with the average kitchen counter height for a seamless, sophisticated, built-in look that adds style to any modern-day kitchen interior. Flex Zone Mid Convertible Drawer with adjustable Smart Divider, which creates up to 4 adjustable compartments within the drawer for greater organization, plus 4 temperature settings so you can store different foods in the same drawer.

Twin Cooling Plus System® uses 2 evaporators while keeping the efficiency of a single compressor to independently control the temperatures of the refrigerator and freezer compartments.

By maintaining proper humidity levels, food is kept fresher longer and prevents odour transfer between compartments.

Features sophisticated, eco-friendly LED lighting inside. Innovative LED Tower Lighting makes finding items easier by illuminating every corner, while also saving space. And LEDs emit less heat, so they won't compete with the cool climate inside. Ice/Water dispenser provides a tall opening so pitchers and tall glasses can be easily filled. The dispenser also serves as a filter, ensuring that plenty of filtered water, crushed and ice is always on hand.

EZ-Open Handle™ makes opening the freezer door a breeze – simply lift and pull the handle to open without any extra effort required. In addition, the sliding, spill-proof shelves are convenient and easy to clean.
