Electric Dryer with AccuDry™ Drying System

4.8 / 5

[Write a review](#)

Installed side-by-side, under a cabinet, or stacked with your washer, this electric dryer goes just about anywhere you need it. The AccelerCare® and AccuDry™ systems automatically sense when clothes are dry and stop the cycle, saving 10 percent more energy than the already-energy-saving AutoDry™ system. Six cycles with four temperature settings ensure that you get results, while the Quiet Dry Plus noise reduction system helps keep the peace. Smart, quiet, and fits just about anywhere you want it. Done deal!

Top Features

built-in sensors help prevent overdrying

Intuitive, built-in sensors enabled by 6th Sense™ technology automatically sense when your laundry is dry and stop the cycle so you don't have to.

energy-saving technology saves you time and money

Resource Saver® dryers combine the energy-efficient Eco Normal cycle with the AccelerCare® drying system, using up to 40 percent less dryer energy.

keep operational noise out of your living spaces

This dryer's Quiet Dry noise reduction system uses special insulation to help reduce sound and vibration while your laundry dries.

additional features

AccelerCare® Drying System

Dry Time = Wash Time. Senses how fast the load is drying, how hot the air should be and when clothes are dry. Automatically stops the cycle to save time & energy and also to prevent fabric damage and shrinking.
