LG 6.0 CU. FT. FRONT-LOAD STEAM WASHER AND 9.0 CU. FT. ELECTRIC DRYER – GRAPHITE STEEL

\$ 2,998.95

SKU: LG9000LD

VSN: WM9000HV/DLEX9000

Like salt and pepper or sugar and spice, a LG washer and dryer are the perfect household partners. This 6.0-cubic-foot front-load steam washer and 9.0-cubic-foot electric dryer laundry pair are the ideal appliances for families who need plenty of clean clothes – and fast. The Sensor Dry system and TurboWash® technology refresh your laundry items quickly and accurately, meaning anyone can become a laundry expert overnight.

Washer Key Features:

- LG Sidekick Pedestal Wash Compatible
- 6.0-Cubic-Foot Mega Capacity
- TurboWash Technology
- LG Steam Technology
- Integrated Electronic Control Panel with Dual LED Display

LG Sidekick Pedestal Wash Compatible

The LG Sidekick is specifically designed to wash your small, custom-care laundry loads. Its compact size is perfect for special care items that you prefer to wash separate from your normal loads. So you can wash your separate loads as often as you need or at the same time as your large, family-size loads.

6.0-Cubic-Foot Mega Capacity

Towers of towels, piles of sweatshirts, and a mountain of jeans" Go for it. The ultra large capacity (6.0-cubic-foot) tub lets you do more laundry in fewer loads. Now you can save time and avoid a sore back.

TurboWash Technology

Soccer practice. Groceries. Dinner. Dishes. Shouldn't your laundry move as fast as you" Now it can, with LG's enhanced TurboWash technology. Powerful high-

pressure nozzles save up to 30 minutes per load without short-cutting cleaning performance, even on larger loads. Innovation that keeps up with your family calendar" That's not just laundry done fast – it's laundry at the speed of life.

LG Steam Technology

LG Steam Technology penetrates fabric to remove soil, enhance cleaning results and also removes common household allergens. The Allergiene™ cycle gently removes over 95% of common household allergens, like dust mites and pet dander from even the most delicate fabrics. It's so effective it's certified by the Asthma Society of Canada (ASC).

Integrated Electronic Control Panel with Dual LED Display

Electronic control panel is integrated into the door for a distinct style plus the intuitive functionality you expect from an LG washer.

Dryer Key Features:

- 9.0-Cubic-Foot Mega Capacity
- TurboSteam Technology
- Integrated Electronic Control panel with Dual LED Display
- Sensor Dry System
- SteamSanitary™ Cycle

9.0-Cubic-Foot Mega Capacity

When it comes to laundry capacity, big is good, bigger is better, but biggest is best. With 9.0 cubic feet of capacity, now you can fit a king size comforter and full set of bedding in a single load.

TurboSteam Technology

LG TurboSteam technology comes to the rescue. Toss a shirt in the dryer, turn on TurboSteam and in just 10 minutes your shirt is back in tip-top shape. This feature also helps refresh fabrics and reduce wrinkles in half the time of other steam settings.

Integrated Electronic Control panel with Dual LED Display

The electronic control panel is integrated into the door for a distinct style plus the intuitive functionality you expect from an LG dryer.

Sensor Dry System

LG's Sensor Dry System measures moisture levels during the cycle and automatically adjusts the drying time, ensuring you get dry laundry every time.

SteamSanitary Cycle

SteamSanitary Cycle refreshes and sanitizes dry items in the SteamDryer™. The SteamSanitary cycle kills bacteria on your clothes and is the perfect device for maintaining decorative pillows and other non-washable items.
