

36", 6-BURNER GAS COOKTOP

Signature Features

18,000-BTU DUAL-STACKED POWERBURNER

This dual-stacked burner helps you achieve exceptional results with high-heat cooking techniques like searing or wok cooking while also giving you the control for delicate simmering.

SINGLE POINT ELECTRONIC IGNITION AND FLAME-SENSING™ RE-IGNITION

If the flame is accidentally blown out by a draft, a spark occurs that automatically re-ignites the extinguished burner.

EURO-STYLE STAINLESS DESIGN

A refined design that satisfies contemporary and traditional tastes and blends in with other Jenn-Air® Euro-Style Stainless appliances.

SEMI-FLUSH INSTALLATION

Subtlety that dares to be ignored. Standing semi-flush at 9mm above the countertop, this precision edge is minimalism magnified.

6,000 BTU BRASS SIMMER BURNER

Melt chocolate and butter or simmer sauces just below boiling with a high-precision burner that offers a wide range of power.

LOW-PROFILE DESIGN

With an extremely low profile, you can have a minimal look — nearly flush with the countertop — for an integrated transition to the cooktop.

WHITE LED BURNER INDICATOR

White indicator light glows indicating when a burner is on, providing a modern look and a convenient reminder for cooks.

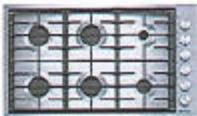

ELECTRONIC IGNITION AND FLAME-SENSING™ RE-IGNITION

Gas burners light reliably every time, and if a draft blows the flames out, they are automatically re-ignited.

9,000 BTU BRASS BURNER

Perfect for everyday cooking, this brass burner also allows you to meet special cooking needs like sautéing and braising.

NOIR™ 30" BUILT-IN MICROWAVE OVEN WITH SPEED-COOK

Signature Features

SPEED-COOK

Renounce accepted limitations of the microwave. Three potent methods converge to deliver convection's steady heat, microwave speed and broiled caramelization in each oven-caliber bite.

SENSOR COOKING

This intuitive sensor detects humidity released by food as it cooks, determining the precise cooking time and power level for optimal doneness of each dish.

1.4 CU. FT. MICROWAVE CAPACITY

Explore your options. There's room for whatever you're craving.

4.3-INCH FULL COLOR LCD DISPLAY

A highly interactive, full-color LCD touchscreen is packed with dynamic features that allow you to navigate effortlessly through settings and cooking options including temperature and cooking mode.

1,200-WATT CONVECTION ELEMENT

This 1,200-watt element surrounds your cravings with circulating, consistent heat until baked to your satisfaction.

SEAMLESS TOUCHES

Seamlessly designed. Concealed details melt into their stainless steel surround, as shiny interiors and glass expanses pull you in.

STAINLESS STEEL MICROWAVE INTERIOR

Wrapped in luminous steel, intrinsic beauty is reflected in every corner.

CONVECTION & MICROWAVE COMBINATION COOKING

Let your appetite run wild—broil, bake or warm with convection and microwave energy.

900-WATT MICROWAVE ELEMENT

Harness 900 watts of microwave energy to rapidly cook and reheat a variety of foods.

30" PANEL-READY BUILT-IN COLUMN
REFRIGERATOR, RIGHT SWING

Signature Features

DARING OBSIDIAN
INTERIOR

Inspired by the beauty of volcanic glass, this industry-exclusive dark finish erupts with reflective, high-contrast style. Reject the unfeeling, lifeless vessel of harsh steel. Let fine foods and beverages emerge from the interior of your column like vibrant art, begging to be devoured.

REMOTE ACCESS

Open door. Power outages. Filter changes. Connect to WiFi for real-time notifications and control your columns from anywhere. Tap and swipe on both iOS and Android devices.

SEAMLESS TOUCHES

With a stealth flush door, columns go incognito until you open wide. The industry-first Obsidian hinge and concealed details melt into their volcanic surroundings.

ECLIPTIC LIGHTING

Live beyond the shadow. Abandoning the dark spots cast by dated puck lighting, over 650 LEDs frame and fill your column, coming alive at a touch of the controls. Each zone awakens and pulses as you mold your column to your desires.

SOLID GLASS AND
METAL

All-metal bin and shelf frames. Thick, naturally odor-resistant solid glass. A forcefield at the edge that prevents spillovers. To hell with cheap plastic in luxury door bins, shelves and liners.

HARD CORE STEEL
DOOR PANELS

Luxury doesn't shimmy. This panel has an industry-exclusive solid wood core that stands firm.

TRINITY COOLING

Revel in the trinity of food preservation: three zones, three precision sensors, calibrated every second. Fortified by an exposed air tower, you can conquer humidity levels and customize the temperature of each zone to your deepest desires.

OVER 250
CONFIGURATIONS

Freezer or refrigerator. Left-hand or right-hand swing. One, two, three columns in a row. Four different widths. With 12 one-unit options, 75 two-unit combinations and over 250 three-unit combinations, configuration is where bespoke begins.

MAGNET-TO-METAL
SEAL

We frame and line our columns in metal—not the spineless plastic of outdated luxury. Powerful magnets in our gaskets grasp the column directly, creating an impenetrable, airtight seal.

NOIR™ 30" SINGLE WALL OVEN WITH MULTIMODE® CONVECTION SYSTEM

Signature Features

MULTIMODE® CONVECTION SYSTEM

Steady heat is circulated by whirling metal blades, weaving around every fat line. Wield your cooking prowess from marbled meats to succulent roasts.

GLIDE RACK

Smooth moves. Glides in and out fluidly and quietly, even when fully loaded.

JET BLACK OVEN INTERIOR

Captivation cloaked in black. Behind the dark glass door, ramp-up cinematic lighting illuminates resilient racks and an enticing jet black interior.

4.3-INCH FULL COLOR LCD DISPLAY

A highly interactive, full-color LCD touchscreen is packed with dynamic features that allow you to navigate effortlessly through settings and cooking options including temperature and cooking mode.

TEMPERATURE PROBE

Know when dinner is done without ever opening the door. Four points of contact deliver temperature readings visible on the LCD screen.

SEAMLESS TOUCHES

Seamlessly designed with a stainless steel surrounding, smooth and flush with cabinetry. Oven elements hide beneath the surface. Concealed details blend into the background, disguising every vent, screw and gasket for a fluid front.

QUIETER THAN THE LEADING LUXURY WALL OVEN BRAND

MY CREATIONS

Curate recipe presets at will. Bake for 30 minutes, broil for four and keep dishes warm until you're ready to dine-all without getting up to reset the oven for each stage.

JENNAIR® CULINARY CENTER

With step-by-step support, savor the full culinary experience backed by customized algorithms, featuring full-color food photography, doneness levels, pan types and menu-specific tips.¹

¹ Appliance must be set to remote enable. WiFi & App required. Features subject to change. Details and privacy info at jennair.com/connect.

Signature Features

SENSOR TEMPERATURE CONTROL

This intuitive temperature control automatically monitors and regulates the warming drawer's temperature.

APPROVED FOR INDOOR/OUTDOOR USE

Freeing you from design constraints, this warming drawer can be installed both indoors as well as in outdoor locations like patios and decks.

SLOW ROAST FUNCTION

Enjoy the versatility of the Slow Roast function which allows you to roast foods such as beef, pork and poultry over a long period of time with tender, moist results. It cooks and roasts foods slowly at a low temperature and features two settings, resulting in flexible slow roast options.

HUMIDITY SLIDE CONTROL

Two humidity settings allow you to precisely control the moistness or crispness of food by opening or closing the vent slots in the door. The Moist setting holds moisture in the drawer to keep food soft, while the Dry setting allows steam and moisture to escape from the drawer to keep food crispy.

BREAD PROOFING FUNCTION

This specialized warming drawer function provides a controlled environment for proofing bread with excellent results. It prepares dough for baking by activating the yeast and allowing bread and rolls to rise at a low temperature.

1.5 CUBIC FOOT CAPACITY

To accommodate a variety of sizes and shapes of dishes and cookware, this warming drawer offers an ample, 1.5 cubic feet of capacity.

PANEL-READY 24" BUILT-IN DISHWASHER,
38 DBA

Signature Features

QUIETEST LUXURY
DISHWASHER BRAND

Based on normal cycle

ENHANCED
CINEMATIC LIGHTING

Shine a spotlight on clean. Packed with 18 LED lights that ramp up to full intensity, JennAir brand's best lighting coverage chases away shadows to illuminate daring Obsidian racks.

38 DBA
TRANQUILITY¹
SYSTEM

JENNAIR dishwashers run quietly without sacrificing performance.
1 Based on normal cycle.

HIGH-CAPACITY 3RD
RACK WITH WASH

The largest 3rd Level Rack in the luxury industry² glides with quiet and ease, even when fully loaded with tapas bowls, large rocks glasses and cocktail shakers.

2 Based on usable volume.
Models JDPSS245LX, JDPSS245L and JDPSS245L.

SUPERIOR GLIDE
UPPER RACK

Strong and stable. The upper rack glides smoothly and quietly, even when fully loaded. Each rail features 52 ball bearings for quiet operation.

RAPID WASH CYCLE

This wash cycle cleans dishes in about an hour and is ideal for any get-together, diversion or intimate night in.

11% MORE LOADING
HEIGHT³

3 Compared to JennAir® dishwasher models: JDTSS246GM, JDTSS246GL, JDTSS246GX.

WATERLOCK LEAK
DETECTION SYSTEM

Measures and monitors the flow of water throughout the cycle through three levels of protection against potential sources of leaks. If there is a problem, the dishwasher will drain the tub and alert you.

15 PLACE SETTING
CAPACITY

Intimate affairs. Lavish after-parties. Enough capacity for a service of 15 means there's always room for one more.

NOIR™ 24" BUILT-IN UNDERCOUNTER WINE CELLAR, LEFT SWING

Signature Features

DARING OBSSIDIAN INTERIOR

Inspired by volcanic glass, this dark finish erupts with reflective, high-contrast style. Let the object of your desire emerge like vibrant art, begging to be consumed.

UV-RESISTANT THERMAL GLASS

Let your tongue meet tannins. Double-paned glass helps filter out ultraviolet light and helps reject temperature swings to sustain the body and finish you covet.

SMOOTH CLOSE RACKS

Smooth moves. Each beechwood rack opens and closes fluidly and quietly, even when fully loaded.

45 BOTTLE CAPACITY

Drench your desires. Chilled from neck to end, every bottle of cool, liquid temptation is cradled in one of two precision temperature zones.

MARQUEE LIGHTING

Light up the night. Strips of LED lighting run vertically on either side of the cellar, illuminating each label so you can select a perfect pairing.

SMOOTH CLOSE DOOR

Quiet, soft, secure. An articulating hinge discreetly ushers the door open and gently pulls it closed.

INDEPENDENT TEMPERATURE ZONES

Compose ideal climates for choice wines. Two temperature zones and eight curated presets await your command.

STEALTH FLUSH DESIGN

Create an unbroken silhouette. Discreet 1/8" reveals envelop every side, without exposed hinges or trim pieces.

PRECISE TEMPERATURES & HUMIDITY

Unwavering conviction. Two temperature sensors in two zones keep the climate firmly within your control, while a single humidity sensor monitors quietly in the background for long term wine storage.
