Hello Steve ,

Valecraft required the specs of your future microwave in order to order the perfect cabinet size for it. I believe you provided Victoria with some specification, but they did not show the exact measurement of the actual microwave. Could you please send it to us via email at your earliest convenience ?

Also, We have contradictory information in your file as per the uppers cabinet height. Please confirm if you prefer to have 42" uppers with filler to bulkhead, Or 40" upper with filler to bulkhead. Both are the same price.

Thank you for your time ,

Valerie Gendron
