

- (g) The Transferee for himself, his heirs, executors, administrators, successors and assigns, covenants and agrees that "No Dumping" is permitted on vacant lots or on adjacent lands including snow, grass cuttings, and landscape waste.
- (h) The Transferee for himself, his heirs, executors, administrators, successors and assigns, covenants and agrees that heat pumps, air-conditioning units, pool filters, sheds, and decks are building appurtenances and shall meet the minimum setback requirements established in the City's zoning by-law(s).
- (i) The Transferee, for himself, his heirs, executors, administrators, successors and assigns, covenants and agrees to have a Geotechnical Engineer licensed in the Province of Ontario complete a bearing surface inspection prior to the placement of concrete for all residential construction so as to ensure that a suitable subgrade has been prepared.
- (j) The Transferee, for himself, his heirs, executors, administrators, successors and assigns, covenants and agrees to have a Geotechnical Engineer licensed in the Province of Ontario complete a review of the design for proposed in-ground swimming pools to ensure the recommendations outlined in Section 2.13 of the Geotechnical Report on Subsurface Investigations for the Lester Road and Albion Road properties (Lester Road Subdivision) to Canada Lands Company prepared by McRostie Genest St-Louis & Associates Ltd., Report No. SF4892 dated March 2, 2005 have been adhered to.
- (k) The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, covenants and agrees that individual curbside waste collection and/or recycling collection for properties fronting onto any private street may not be provided by the City, and that waste collection and/or recycling collection by the City for such properties may take place at common collection pad(s) provided by the Owner.
- (l) The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, covenants and agrees that all Lots and Blocks on the Plan have portions of the rear yards that are used for on-site storage of infrequent storm events. Pool installation and or/grading alterations on some of the Lots may not be permitted. Revisions to the approved Subdivision Stormwater Management Plan Report may be required to study the possibility of pool installation and/or grading alterations on any individual lot.
- (m) The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, covenants and agrees that any row dwelling is advised that any obstructions and/or encroachments are prohibited within the 1.2 metre wide rear yard access easements.
- (n) The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, covenants and agrees that any person who, prior to draft approval, entered into a purchase and sale agreement with respect to lots or blocks created by this Subdivision, shall be permitted to withdraw from such agreement without penalty and with full refund of any deposit paid.
- (o) The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, covenants and agrees that no fast growing trees shall be planted and that all trees pursuant to the approved Streetscape Plan shall be pruned and watered to prevent the dewatering of any sensitive clay soils.

**Notice to Purchasers**

- 2. The Owner agrees that all purchase and sale agreements for the whole or any part of a lot/block on the Plan of Subdivision shall contain the following clauses:
  - (a) The purchaser acknowledges that a fire hydrant may be located or relocated at any time in front of any lot/block on the Plan of Subdivision to the satisfaction of the Director, Infrastructure Services.
  - (b) The purchaser acknowledges that no driveway shall be located within 3.0m of a fire hydrant and that no objects, including vegetation shall be placed or planted within a 3.0m corridor between a fire hydrant and the curb, nor a 1.5m radius beside or behind a fire hydrant.
  - (c) The Purchaser acknowledges that school accommodation problems exist in the Ottawa-Carleton District School Board schools designated to serve this Subdivision, and that at the present time this problem is being addressed by the utilization of portable classrooms at local schools and/or by directing students to schools outside the community.
  - (d) The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, covenants and agrees that the postal service may be delivered by way of community mailboxes, which shall be located to the satisfaction of Canada Post.

  
Purchaser

   
Purchaser Vendor

- (e) The purchaser of any lot or block fronting on a street in which a sidewalk is proposed to be installed acknowledges that he has been supplied with and reviewed a plan showing the proposed locations, types, size and dimensions within the boulevard of any sidewalk abutting the said lot or block. The purchaser hereby acknowledges signing a copy of the said plan as confirmation that he has reviewed the plan and is aware of the contents of the plan. The said plan shall form part of the purchase and sale agreement. The purchaser further acknowledges that the information identified on the said plan is the proposed information in respect to the lot or block and is subject to change through the City's approval process.
- (d) The Purchaser of any lot or block abutting a boundary of residential lots and blocks, ravine lands, public walkways, drainage channels, land flow corridors parks or any other lands which may be specified by the Director of Parks and Recreation of the City are advised that no gates will be permitted in the fence without the express permission of the Director, Parks and Recreation and/or Director, Surface Operations.
- (f) The purchaser of any lot or block hereby acknowledges that he has been advised of:
  - (i) an approved general plan of services required to be provided by the Owner pursuant to the Subdivision Agreement for the lot or block.
  - (ii) the proposed location of the potential bus routes including temporary bus routes, possible bus shelters and pads and paved passenger standing areas at bus stops.
  - (iii) the proposed location for the community mailboxes within the Subdivision.
  - (iv) the proposed grading and landscaping for the lot or block.
  - (v) the proposed driveway location.
  - (vi) The proposed location of any streetlights, hydro transformers and utility pedestals abutting the lot.
  - (vii) The approved zoning map for the Subdivision.
  - (viii) some of the rear yards within this Subdivision are used for on-site storage of infrequent storm events. Pool installation and/or grading alterations on some of the lots may not be permitted and/or revisions to the approved Subdivision Stormwater Management Plan Report may be required to study the possibility of pool installation on any individual lot.
- (g) The purchaser further acknowledges that the information he has been advised of, as described in the above paragraph, is subject to change through the City's approval process. The Owner shall have the purchaser sign an acknowledgement that he has been advised of this information.

3. **Information for Sales Offices**

The Owner shall display in a conspicuous place in the sales offices established for the sale of buildings or lands within this Subdivision all of the plans listed below:

- (a) a Zoning Map or Schedule displaying current zoning of all lands in and adjacent to the subject Subdivision.
- (b) a print of the registered Plan of Subdivision.  
overall development plan for the area within which the subject plan is located. Any vacant school sites reserved or purchased by the Ottawa-Carleton Board of Education on this development plan shall be marked clearly as POSSIBLE SCHOOL/ALTERNATE USE;
- (c) a print of the approved Landscaping Plan and/or Tree Preservation Plan.
- (d) a print of an overall plot plan or equivalent showing the following information for each lot or block on the plan:
  - the approved Grading and Drainage Plan;
  - all above ground services and utility locations;
  - sidewalk locations, if any.

4. **Covenants to be included in Contracts of Sale and Transfers**

The Owner, or any subsequent owner of the whole or any part of the Subject Lands acknowledges and agrees that all agreements of purchase and sale or lease agreements shall contain the following clauses, which shall be covenants running with the Subject lands:

- (a) The Purchaser/Lessee Of all Units in Building Blocks A through E inclusive, for himself, his heirs, executors, administrators, successors, and assigns, acknowledges being advised that the dwelling unit has been supplied with central air conditioning which will allow windows and exterior doors to remain closed, thereby ensuring that the indoor sound levels are within the City of Ottawa's and the Ministry of the Environment's noise criteria.

  
Purchaser

  
Purchaser

  
Vendor

- (b) The Purchaser/Lessee Of all Units in Building Blocks F through K inclusive and Condo Block T for himself, his heirs, executors, administrators, successors, and assigns, acknowledges being advised that the dwelling unit has been fitted with a force air heating system and the ducting, etc. was sized to accommodate central air conditions by the occupant will allow windows and exterior doors to remain closed, thereby ensuring that the indoor sound levels are within the City of Ottawa's and the Ministry of the Environment and Climate Change's noise level criteria.(Note: The location and installation of the outdoor air conditioning device should be done so as to comply with the Ministry of Environment and Climate Change's Publication NPC-216,entitled *Environmental Noise Guidelines for Installation of Residential Air Conditioning Devices*,dated September 1994, as amended, in order to minimize the noise impacts both on and off the immediate vicinity of the subject lands.

All Units

- (c) The Purchaser/Lessee for himself, his heirs, executors, administrators, successors, and assigns, acknowledges being advised that despite the inclusion of noise control features in the development and within the building units, noise levels from increasing roadway/rail/air traffic may be of concern, occasionally interfering with some activities of the dwelling occupants as the outdoor sound level exceeds the City of Ottawa's and the Ministry of the Environment and Climate Change's noise criteria
- (d) The Transferee, for himself, his heirs, executors, administrators, successors and assigns acknowledges being advised of the following:
- (i) The property/dwelling unit is located in a noise sensitive area due to its proximity to the Ottawa Macdonald-Cartier International Airport and in order to reduce the impact of the aircraft noise in the indoor spaces, the unit has been designed and built to meet Provincial standards for noise control by the use of components and building systems that provide sound attenuation.
- (ii) Despite the noise control features within the dwelling unit, noise due to aircraft operations may continue to interfere with some indoor activities, and with outdoor activities, particularly during the summer months.
- (iii) The Ottawa Macdonald-Cartier International Airport is open and operates 24 hours a day, and changes to operations or expansion of the airport facilities, including the construction of new runways, may effect the living environment fo the residents of this property/area.
- (iv) The Ottawa Macdonald-Cartier International Airport Authority, its acoustical consultants, and the City of Ottawa are not responsible if, regardless of the implementation of noise control features, the purchaser/occupant of this dwelling finds that the indoor noise levels due to aircraft operations continue to be of concern or are offensive.

The Purchaser/Lessee covenants with the Vendor/Lessor that the above clause verbatim, shall be included in all subsequent agreements of purchase and sale and lease agreements conveying the lands described herein.

- (e) The Purchaser/Lessee Of any unit for himself, his heirs, executors, administrators, successors, and assigns, acknowledges being advised that no rear yard fences, terrace walls, raised stairs, surface swales or uneven surfaces shall be permitted within the easement lands. The Purchaser further acknowledges that said easement lands shall be encumbered as to not prevent the freehold unit owner's unobstructed access to their rear yards. If gates are included at the ends of the fence and encroaching into the said easement lands, such gates are not permitted to be locked and shall only open towards the egress direction of the easement.
- (f) The Purchaser acknowledges that Lester Road & Meandering Brook Drive is designated and used by the City of Ottawa as a bus route and there will be OC Transpo bus pads/ shelters located on this public street.
- (g) Double Fencing  
The Purchaser acknowledges that double fencing will not be permitted on any lot within this development. Double fencing is defined as providing fencing on both sides of an access right-of-way which has the effect of providing a walkway between two fences.

5. Active Lighted Sports, Recreation and Leisure Facilities

The Transferee, for himself, his heirs, executors, administrators, successors and assigns acknowledges being advised that parkland within this Subdivision and/or already existing in the vicinity of the Subdivision may have:

  
Purchaser

  
Purchaser

  
Vendor

- (i) active hard surface and soft surface recreational facilities;
- (ii) active lighted sports fields;
- (iii) recreation and leisure facilities;
- (iv) potential community centre;
- (v) library;
- (vi) day care; and
- (vii) other potential public buildings/facilities.

6. **Noise Barrier**

The Transferee, for himself, his heirs, executors, administrators, successors and assigns, covenants and agrees that if applicable, the Transferee is responsible to maintain the noise barrier in a good and sound condition including if necessary, the replacement or reconstructing of the barrier.

7. **Pool Installation and/or Grading Alterations**

The Transferee, for himself, his heirs, executors, administrators, successors, and assigns covenants and agrees that portions of the rear yards are used for on-site storage of infrequent storm events. Pool installation and/or grading alterations on some of these Lots and Blocks may not be permitted by the City of Ottawa. Revisions to the approved Subdivision Storm water Management Plan report may be required to study the possibility of pool installation and/or grading alterations on any individual lot.

- Mirrors with bevelled square corners above all bathroom vanities and powder room
- Kitchen backsplash ceramic tiled w/ self-sealing grout 6" x 6" (from builder's standard backsplash selections)

**WARRANTY COVERAGE:**

- 7 Year major structural warranty
- 2 Year mechanical and building envelope warranty
- 1 Year material and workmanship warranty

Purchaser

Purchaser

Vendor

The Purchaser acknowledges that:

1. Prices and specifications which do not form part of this Agreement are subject to change without notice at the sole discretion of the vendor.
2. The vendor may substitute materials of equal or greater value without consent.
3. The Vendor has the right to exercise full architectural control over exterior finishes and as such, the Vendor shall have final approval of all colour selections.
4. All colour and material selections are to be made from Vendor's standard samples unless otherwise paid for as an upgrade.
5. The vendor may, at his discretion, add brick to external sideyard walls to enhance the streetscape and/or to comply to municipal agreements.
6. The purchaser understands that all decorator items, furnishings, appliances, draperies, painted colour walls, and floors, wallpaper, panelling, alarm system, central air conditioning and eavestroughing found inside the model homes are for display purposes only and do not constitute standard items in the purchase price.
7. Service location, hot water tank and furnace location, basement wall height, specifications and material finishes may vary from model homes/plans.
- 8a. The number of steps required at entrances into the home may vary from the model home/plans depending on individual lot grading requirements.
- 8b. Purchaser acknowledges that exterior railings may be required at front and garage entrance stairs depending on individual lot grading.
9. Basement window wells may or may not be required depending upon individual lot grading requirements.
10. The purchaser understands that renderings and brochures are an artist's concept and that some variations may occur to the final finished product.
11. The Purchaser understands that vertical and horizontal chaseways, dropped ceilings and or bulkheads may be added or deleted in, but not limited to; kitchens, main floor living areas, finished basements, closets, pantries, laundry room, powder rooms, bathrooms and/or at wall and ceiling corners respectively in order to accommodate mechanical systems at the Vendor's discretion .
12. The Purchaser understands that all Multi Media locations are approximate and vary from chosen locations.
13. The purchaser understands that due to normal manufacturing production materials which are installed in their home may vary slightly in colour from the vendor's samples and/or model homes.
14. Due to the natural composition of such materials as Granite, Marble & some Quartz, inherent variations in texture, colour and consistency are to be expected and considered normal. As such, the Purchaser agrees not to hold the Vendor liable for such variations.
15. The wood used in the finishing products of your home such as wood flooring, cabinetry and railings exhibit natural variations in colour tone, graining pattern and consistency. As no two pieces of wood are identical, these natural variations will create colour variations upon staining thereby making it virtually impossible to achieve true colour consistency.
16. Any hardwood flooring installed in the Real Property is made of kiln-dried natural material which is subject to natural shrinkage (typically in winter when humidity levels tend to be low) and expansion (typically in summer when humidity levels tend to be high) for which the Purchaser(s) agrees is not the responsibility of the Vendor and agrees that the Vendor shall not be liable in respect of such issues. The Purchaser(s) also acknowledges being advised by the Vendor that ceramic tile rather than hardwood flooring is recommended at entry points to the home due to the possibility of water exposure. The Purchaser(s) is advised that the *Ontario Building Code* recommends against the installation of wood flooring in kitchens, bathrooms, entrance halls, laundry, and general storage areas (the "Designated Areas"). Wood flooring is water permeable and over time such flooring and sub-flooring beneath it could deteriorate if moisture persists. Should the Purchaser(s) selections for materials for the dwelling include wood flooring in the designated areas, the Purchaser(s) assumes the risks described herein voluntarily.
17. Zoning bylaws specify maximum driveway widths which are based upon frontages. A tapering of your driveway may be required depending upon the frontage and specifically if the frontage is less than average as in the case of a pie-shaped lot.
18. The grading and drainage of your lot has been designed and engineered to ensure that surface water is directed away from your home and into swales. These swales run at the side and rear of your property lines. Swales generally have more aggressive slopes relative to the general layout of your lot and will always occupy a portion of the useable space of your lot to serve their function properly.
19. Purchaser(s) acknowledge the requirement to install an approximate 3' x 3' landing with stairs at the garage entrance to the house as per OBC if more than 3 risers are required as a result of grading.
20. Purchaser(s) acknowledge that kitchen and bathroom ceramic wall border and or decorator insert tiles selected by the Purchaser(s) are installed at the discretion of the installation contractor unless specified otherwise by the Purchaser(s).
21. Purchaser(s) acknowledge that rooflines may be altered due to block assembly.
22. Purchaser(s) acknowledge that High Efficiency Washing machines have the potential to create vibrations due to the tub spinning at very high speeds.
