Due to a significant influx in order volumes and supply chain challenges resulting from COVID-19, we must advise that normal delivery dates and lead times on products manufactured and shipped from our Canadian and US facilities will be impacted. Increased lead times will remain in effect until such time as the supply chain across North America stabilizes.

We will do everything within our control to revert to standard lead times on all products as soon as possible. At this point there is no way of knowing how long these issues will remain. As the situation changes, we will bring you more detailed information.

We thank you in advance for your cooperation and patience as we work through these changing business conditions together.

It is the responsibility of the Builder/Purchaser to ensure that all windows and doors in the quote above are in accordance with, but not limited to, the following:

1. All current Zoning requirements.
2. All current Fire Regulations.
3. All current Building Standard Regulations, including, but not limited to, the Local Building code.
