Ok so the total poured was 24 meters. And we did not have to supply any labour, looks like Ian took care of it

So the rate is 170.00 per cubic meter

I will give Angela details to start processing

Hi Anna, the slurry footing was poured on Friday so your guys would know how many cubic meters they dumped.

Cheers,
Alex Beckett

Hi Alex,

Just to answer your question about the slurry footing under garbage enclosure.

Since we do not know exactly how many meters it will take. We could sell you the concrete at \$170.00 per cubic meter, this would be 0.4 MPA concrete, has to be a straight dump as this strength cannot be pumped. Now there is no labour in this rate, would have to add in time depending on how many meters to get this poured.

At least you have an idea

Thanks

Hi Anna, can you re-quote this 2nd garbage enclosure for Deerfield? I shrunk it a bit since you last quoted it in June 2021.

Also, can you let us know how much it'll cost to pour the 5' deep slurry footing below this garbage hut.

Thanks
Alex Beckett
