Hi Ian,

John was there and everything looks good, the only thing is the gasket on the door is off in a spot on one side. We can't just replace the gasket, the door would need to be replaced. This could be why it is sooting.

Do you want to keep an eye on it and see if it does it again or would you just like to replace the door now?

The cost would be \$420.00+HST for a new door and the \$75.00 for today's service call.

Let me know what you would like to do.

Thanks
