Height: 33.12' (84.1 cm)
Width: 26.82' (69.2 cm)
Depth: 23.62' (59.4 cm)

Give your family the ease and access of this Whirlpool wide side-by-side refrigerator that was created specifically to serve you and your busy lifestyle. With 21 cubic feet inside, this Whirlpool fridge is packed with unique storage features that make unloading the groceries a simple task. Use the deli drawer to store your favourite meats and cheeses, and then fill the can caddy with your ideal beverages to free up even more shelf space. Thirsty? Pour yourself a glass of filtered water and ice from the exterior dispenser and enjoy the seamless outside look thanks to hidden hinges.

RECEI
SEP 21

Unique Features

Can Caddy:

Free up shelf space and get more flexibility using this in-door can caddy that holds cans and bottles.

Frameless Glass Shelves:

Make the most of each shelf with wall-to-wall frameless glass shelves, which offer greater storage flexibility.

Adjustable Gallon Door Bins:

Move these adjustable bins anywhere in the door for increased loading flexibility when and where you need it.

Del. Drawer:

Store plenty of meat and cheese with a deli drawer designed to keep your favourite snacks at an optimal temperature.

LED Interior Lighting:

Light is cast inside the refrigerator to eliminate dark corners and to make your food look good.

Exterior Ice and Water Dispenser with EveryDrop™ Filtration

Access fresh filtered water and ice without ever opening the refrigerator door using dual ped dispensers.

Tap Touch Controls:

Clean these controls as easily as you use them.

Hidden Hinges:

Get a seamless look with door hinges that stay out of sight.

Electronic Temperature Controls:

Choose the ideal temperature for whatever foods you're storing with convenient, up-front controls.

Fingerprint Resistant Stainless Steel:

Resist fingerprints and smudges with steel that easily wipes clean and looks sleek.

Factory-Installed Ice Maker:

Forget about refilling ice trays with this pre-installed ice maker that ensures you always have plenty of ice on hand.

Adaptive Defrost:

Adaptive defrost automatically monitors the freezer environment and runs the cycle only when necessary, saving time and energy.

LED Dispenser Night Light:

Easily find water and ice at night when you turn on the dispenser night light.

PRODUCT MODEL NUMBERS

WRS315SDH* WRS315SNH*
WRS315SDH* WRS315SNH*
WRS315SDH* WRS315SNH*
WRS315SDH* WRS315SNH*

Electrical: A 115-volt, 60-Hz, AC-only, 15- or 20-amp fused, grounded electrical supply is required. It is recommended that a separate circuit serving only your refrigerator be provided. Use an outlet that cannot be turned off by a switch. Do not use an extension cord.

Water: A cold water supply with water pressure of between 30 and 120 psi (207 and 827 kPa) is required to operate the water dispenser and ice maker. If you have questions about your water pressure, call a licensed, qualified plumber.

Reverse Osmosis Water Supply: The pressure of the water supply coming out of a reverse osmosis system going to the water inlet valve of the refrigerator needs to be between 30 and 120 psi (207 and 827 kPa).

LOCATION REQUIREMENTS

To ensure proper ventilation for your refrigerator, allow for 1/2" (1.27 cm) of space on each side and at the top. Allow for 1" (2.54 cm) of space behind the refrigerator. If your refrigerator has an ice maker, allow extra space at the back for the water line connections. When installing your refrigerator next to a fixed wall, leave a 2" (5.08 cm) minimum space on each side (depending on your model) to allow the doors to swing open.

NOTES:

- This refrigerator is intended for use in a location where the temperature ranges from a minimum of 55°F (13°C) to a maximum of 110°F (43°C). The preferred room temperature range for optimum performance, which reduces electricity usage and provides superior cooling, is between 60°F (15°C) and 80°F (32°C). It is recommended that you do not install the refrigerator near a heat source, such as an oven or radiator.
- Normal minimum cabinet cutout width required for product installation is 36" (91.44 cm). However, if the product is placed against an extended wall and the ability to remove the crisper pans is desired, an additional 18" (45.72 cm) of cabinet width is required, so a total cabinet opening width of 54" (137.16 cm) is recommended.
