It is the Builder's complete responsibility to ensure that all plans submitted for approval fully comply with the Architectural Guidelines and all applicable regulations and requirements in order to secure, maintain and use the property in accordance with the City's Architectural Review process. The Contractor is not responsible in any way for assessing or approving the suitability or working drawings with regard to any zoning or building code or general matter or building issue that may be properly left to local authority.

This is to certify that these plans comply with the applicable Architectural Guidelines and have been approved by the Planning Commission.
