

04/42

It is the builder's complete responsibility to ensure that all plans submitted for approval fully comply with the Commonwealth Building Code of Australia, its provisions and requirements including zoning provisions and any amendments to the building agreement. The Council Architect is not responsible in any way for exceeding or approving the detail plans or working drawings when issued to the contractor building under a permit issued by the Council, but the property must be built in accordance with the plans approved by the Township of KING.
