Subject: Zancor Homes - Brampton

Good Afternoon,

I need to book in two service requests for my site.

It has come to my attention that Lot 11 (which is now an occupied home) needs the hood vent relocated higher for a chimney vent. I have our service department going in tomorrow to do the inside prep and to drill a pilot hole for you guys. I prefer not to smash out any bricks ourselves.

Lot 5 – dryer vent was missed at the time of brick work, need this done as well.

Can you please let me know how it works with your department and what your schedules look like.
Thank you kindly.

Kind Regards,

Bea Slipska
