INTERIOR FINISHES ACKNOWLEDGEMENT

Purchaser accepts and acknowledges that the Builder reserves the right to substitute materials with those of equal or better quality where the manufacture, scheduling or delivery of materials may directly impact the Builder's ability to meet its' contractual obligations under the Agreement of Purchase and Sale. The purchaser acknowledges and agrees to proceed forthwith with reselections in the event the original selections cannot be incorporated into the interior finishing of the home upon notice by the Builder.

Every effort will be made to ensure the materials selected are as close as possible to the samples provided, however due to variances in manufacturing and properties of natural materials we do not guarantee identical colour matching.

PORCELAIN & NATURAL STONES: Due to the properties of natural stones including but not limited to **marble, granite, quartz**, no two pieces are exactly the same. Variations in colour, tone, granularity (pitting, fissures) and patterns are to be expected, including various lighting may affect the overall finished look. Stone should never be cleaned with lemon oil or vinegar. The purchaser acknowledges colour and product variations as well as natural imperfections that may exist with the selection of natural stone materials and shall not hold the Vendor liable for provision of same.

STONE COUNTERTOP JOINTS: Purchaser is aware that one joint may be at each corner and on either side of slide-in-range (if applicable). It will also be where the length of the counter top exceeds the length of a stone slab. Slabs are usually approximately 5'x 8'.

TILES: Due to manufacturing, shade (dye lots), product variations may exist that can affect the overall look of the finished product. Although every effort will be made to ensure the colours and materials selected are as close as possible to the samples, the purchaser acknowledges that the sample tiles supplied in the Design Centre may not be identical to the materials installed in the home.

LAMINATE / HARDWOOD FLOORING: Due to the natural properties of wood & laminate, many variables can affect the overall look of the finished product. Variations include but not limited to wood type or laminate finish, colour/stain and wood grain are significant factors that make exact colour matching impossible. The purchaser acknowledges that the hardwood flooring and laminate is a pre-finished product in a controlled environment. Expansion, compression and cupping are characteristics of hardwood flooring once installed in the home. The purchaser acknowledges these may become apparent over time and despite the Builders' efforts to install the hardwood flooring materials in keeping with good workmanship, the Builder shall not be responsible nor held liable for minor variances of fluctuation in hardwood flooring materials.

CABINETRY: Due to the natural properties of wood, slight variations apparent with cabinetry are to be expected. This includes but not limited to wood species, wood grain, colour, finish, product variations, and natural imperfections are all factors that may affect the overall look of the finished product. Such factors make exact colour matching impossible. The type and intensity of lighting in the areas of designated cabinetry placement may also highlight characteristics of cabinetry finish. All cabinets shall be finished with a white melamine interior box unless a finished interior is upgraded. Due to building specifications and/or on-site conditions, certain cabinetry upgrades may not be possible. The purchaser acknowledges that the Builder cannot guarantee the cabinetry finish or provision of certain upgrades and shall not hold the Builder liable for provision of same.

UPGRADES/EXTRAS: All upgrades and additional selections indicated on the colour chart must be accompanied by an upgrades/extras sheet (PES) and full payment otherwise the selection will be invalid. All colour charts and upgrades/extras will not proceed until verified and signed by an authorized signing officer at the Vendor's head office. **CHANGES WILL NOT BE PERMITTED UPON COMPLETION AND SUBMISSION OF THE COLOUR CHART.**

SAMSUNG

22 cu. ft. Smart 3-Door French Door Refrigerator with External Water Dispenser

Installation Specifications

1. Measure the height, width and depth of the opening, making sure to include baseboards, molding tile, countertop overhang, etc. Check to be sure there is enough room to open the door (consider walls, islands or other obstacles when measuring).
2. Refer to illustration below to determine dimensions.
3. Allow 1½" of clearance on hinge side of refrigerator when installing next to a wall where door may make contact.
4. Allow 2" minimum clearance at rear for proper air circulation and water/electrical connections. Allow a ¾" minimum clearance at sides and top for ease of installation.
5. Ensure each door and entryway in the home is wide enough for the refrigerator to be moved through easily.

For optimal usage and ability to open refrigerator doors completely, do not install next to a wall.

Please note: The following dimension and cutout information is for planning purposes only. For complete installation details, consult manual packed with product or download manual online at samsung.com.

332

NE63A671SS

SAMSUNG

6.3 cu. ft. True Convection Electric Range with Wi-Fi and Air Fry

Signature Features

Air Fry

Enjoy better fried food with the Air Fry feature. With the provided Air Fry tray, the hot air circulation envelops the food placed on the tray.

Wi-Fi Connectivity and Voice Control

Monitor and control the oven using the SmartThings App¹. And control the oven with your voice using a voice assistant², such as Samsung Bixby³, Amazon Alexa or Google Assistant.

True Convection

A heated fan distributes heat all around the oven and keeps the temperature constant so dishes are cooked quickly and thoroughly.

Fingerprint Resistant Finish

Prevents surfaces from becoming covered in fingerprints and smudges.

Self Clean

A Self Cleaning system heats the cavity to a high temperature to burn off grease and food residue.

Available Colours

Stainless Steel (shown)

Black Stainless Steel

Bridge Element + Aluminum Griddle

- Proofing
- Dehydrate

¹ Available on Android and iOS devices. A Wi-Fi connection and a Samsung account are required.

² A Wi-Fi connection is required.

³ Bixby is Samsung's brand of artificial intelligence (AI) / Internet of Things (IoT) voice assistant. A Samsung account is required.

232

NE63A671SS

SAMSUNG

6.3 cu. ft. True Convection Electric Range with Wi-Fi and Air Fry

Installation Specifications

IMPORTANT: To eliminate the risk of burns or fire caused by reaching over heated surface units, avoid having cabinet storage space located above the surface units. If you have cabinet storage space over the heating elements, you can reduce the risk by installing a range hood that projects horizontally a minimum of 5 inches beyond the bottom of the cabinets.

* A minimum of 30" is required between the top of the cooking surface and the bottom of an unprotected wood or metal cabinet; a minimum of 24" is required if the bottom of the wood or metal cabinet is protected by not less than 1/4" of flame retardant millboard covered with not less than no.28 MSG of sheet steel, 0.015" of stainless steel, 0.024" of aluminum, or 0.020" of copper.

** A minimum of 15" is required between the countertop and the adjacent cabinet bottom.

Dimensions

CAUTION: This range has been designed to comply with the maximum allowable wood cabinet temperature of 194 °F (90 °C). Make sure the wall covering, countertops, and cabinets around the range can withstand the heat (up to 194 °F (90 °C)) generated by the range. If not, discolouration, delamination, or melting may occur.

A: Required Cabinet Opening is 30"
B: Acceptable Electrical Outlet Space

Range Rating Watts		Specified Rating of Power-Supply-Cord Kit and Circuit Protection Amps	Diameter(Inches) of Range Connection Opening		Plug Type	Power Cord Length
120/240 Volts 3-Wire	120/208 Volts 3-Wire		Power Cord	Conduit		
8750-16500	7801-12500	40 or 50 A	1 3/8"	1 1/8"	4 Prong	39.4"

A range cord rated at 40 amps with 125/250 minimum volt range is required. A 50 amp range cord is not recommended but if used, it should be marked for use with nominal 1 3/8" diameter connection openings. Care should be taken to center the cable and strain relief within the knockout hole to keep the edge from damaging the cable.

Actual colour may vary. Design, specifications and colour availability are subject to change without notice. Non-metric weights and measurements are approximate.

This microwave oven is designed for adaptation to the following three types of ventilation:

- A. Outside Top Exhaust (Vertical Duct)
- B. Recirculating (Non-Vented Ductless)
- C. Outside Back Exhaust (Horizontal Duct)
- The space between the cabinets must be 30" wide and free of obstructions.
- This microwave oven is for installation over ranges up to 36" wide.
- If you are going to vent your microwave oven to the outside, see the Hood Exhaust Section for exhaust duct preparation.

FOR EASIER INSTALLATION AND PERSONAL SAFETY, WE RECOMMEND THAT TWO PEOPLE INSTALL THIS MICROWAVE OVEN.

CAUTION: For personal safety, remove the house fuse or open the circuit breaker before beginning the installation to avoid severe or fatal shock injury.

CAUTION: For personal safety, the mounting surface must be capable of supporting the cabinet load in addition to the added weight of this 69 pound product, plus additional oven loads of up to 50 pounds or a total weight of 109 pounds.

CAUTION: For personal safety, do not install this product in cabinetry configured as an island or a peninsula. The microwave oven must be mounted to BOTH a top cabinet AND a wall.

Actual colour may vary. Design, specifications and colour availability are subject to change without notice. Non-metric weights and measurements are approximate.

WORK ORDER

Date SEP 28 2022

Re: Zancor Oakville Ltd.
221 North Rivermede Road
Concord, Ontario L4K 3N7
Cost Code: _____

1. Zancor Oakville Ltd. (the “Owner”), issues this Work Order to enter into a contract (the “Contract”) with **CONNOLLY MARBLE & GRANITE LTD.** for Supply and Installation of the following purchase upgrades (the “Works”) for the Project located at 2450 Old Bronte Road, Oakville, Ontario for the contract price of **see attached** (the “Contract Price”). The Owner and **CONNOLLY MARBLE & GRANITE LTD.** are collectively referred to as the “Parties” and individually as a “Party”.
2. If **CONNOLLY MARBLE & GRANITE LTD.** agrees with the terms set forth above and wishes to proceed with executing the Contract, it should sign this Work Order in the space provided below for “Acknowledgement and Acceptance” and return an executed copy to the attention of Melanie Worsdale at melanie@zancorhomes.com.
3. Upon signing this Work Order, **CONNOLLY MARBLE & GRANITE LTD.** is to submit the following documentation to the attention of Melanie Worsdale at melanie@zancorhomes.com
4. If applicable:
 - i. WSIB clearance certificate
 - ii. Proof of insurance coverage
 - iii. Progress billing breakdown/Schedule of values
 - iv. HST number
 - v. A completed Registration of Constructors and Employers Engaged in Construction form
 - vi. Safety policy
 - vii. Name and contact information for the individual responsible for accounts receivable
 - viii. Statutory declaration

Trusting the above is in order.

Per: Anthony Pignetti _____
Title: Director
